Error Correction Preferences

How do you want the teacher to respond to any language errors that you make in the class?

- a) Immediate Error Correction--Stop me and correct me immediately during a speaking activity
- b) Delayed Error Correction--Don't stop me during the speaking activity, but write down my error and at the end of the speaking activity, correct my error anonymously
- c) No Error Correction--Don't correct my mistakes. I want to focus on fluency, and will worry about accuracy later.

- a) Immediate Feedback--Give me my feedback immediately after my group finishes our presentation (in front of the class)
- b) Delayed Feedback--Don't give me my feedback in front of the class. Instead, email me with my feedback after class finishes.
- c) No Feedback--Don't give me feedback on my presentation.
