 1. To come up with a proposal, the provost must see the student's role in voicing their opinion.

 - iv. Another day we only have on the net and no one knew why
 - v. We don't like that they lie to us and no one is explaining anything to us but also to other clubs
 - vi. Last year, they canceled our events 30 mins before and told people that travel and commute to leave
 - vii. This is affecting the clubs' members and the clubs as a whole because events get canceled without warning there is no communication whatsoever
