

HHS DIRECTIONS TO ENTER COURSE REQUESTS for 2025-26

- Log on Infinite Campus using your user ID and password. **Must be on your student account!*
- Scroll down to on the left side of your screen and click on “more”
- Click on course registration
- Click on 25-26 Hamilton
- To begin entering in courses, click “add course” on the bottom left of the screen.
- *Some students may see a course(s) already entered-these are courses your counselor or teacher are requiring you to take next year.*
- You can search by course name OR number OR scroll through courses and click on the course you want.
- Once the correct course is listed, click on the blue “+” button. Then click “ request”.
- You will then repeat the previous 2 steps until you have 8 courses.
- *Year-long AP courses must be entered twice, one number with an A and one with a B.*
- To review what you selected, click the back button until you see your courses listed. You can continue to add/delete courses from this screen.
- Every student should have 8 requested courses (32 scheduling units); DO NOT worry about percentage complete!)
- EVERYONE needs one alternate elective course!
- There is no “save” button. You *may* print your requests if you’d like or just close I.C. Your requests will auto save.
- All students will be reviewing their selections with a school counselor the week of Feb 17, 2025 . Any questions or concerns can be addressed at that time.

FOR BAND, CHOIR, AP SEMINAR & RESEARCH ONLY
