## **Design Your NEB-Inspired Micro-Initiative**

Welcome! This is your space to imagine, sketch, and develop a small initiative that reflects the values and competences of the New European Bauhaus (NEB) and the NEBComp framework. You can do this alone, in a group, or during a workshop.

No prior experience needed — just curiosity, care for your community, and creativity.

### **1. What challenge are you responding to?**

Describe the issue, need, or opportunity you want to work with.

- Who is affected by it?
- Why does it matter?
- Where is this happening?

 Write your challenge here (3–5 sentences):

### **2. What is the core problem or opportunity?**

Define the focus clearly in one sentence.

> Example: “Local artisans are losing visibility and income due to digital exclusion.”

 Write your problem or opportunity statement:

### **3. Brainstorm your solution**

What would your NEB-inspired micro-initiative look like?

Think small and doable — a creative idea, a cultural activity, a public space activation, a community tool, a process...

 Describe your idea in 3–5 bullet points:

### **4. Choose your guiding NEBComp competences**

Pick 2 to 4 NEBComp competences that support your idea.

Write them down and say *\*why\** you chose each one.

 Example format:

- Empathic and Inclusive Leadership → because we want to involve youth voices
- Sustainable Innovation → because we are upcycling materials

## 5. Fill in your Micro-Initiative Canvas

Use this table to outline your initiative:

## 6. Optional: Visual or Creative Expression

Add a small sketch, map, collage, or tagline — even in words.

You can draw, paste a screenshot, or just describe the visual vibe.

 Optional space to add or describe:

## 7. Final reflection (optional)

- What was inspiring about this exercise?
- What would you need to turn this into action?

 Write your thoughts here:

 Element	Your Input
Initiative Title	
Goal / Purpose	
Target Group	
NEBComp Competences Used	
Activities / Format	
Location / Context	
Expected Outcomes or Impact	

You've just designed your own **NEB-inspired initiative**. Keep it, share it, or submit it to unlock your **NEBComp Co-Creator** badge!
