Lesson 1.03: A Nomad's Life

Enhanced Guided Notes

Directions: Your Guided Notes are a tool to use as you read your lesson pages in the course. These important notes will help you complete your lesson assessment, as well as prepare you for Discussion-Based Assessments, unit exams, and segment exams. You do not need to submit your Guided Notes for grading. Make sure to read all areas of the lesson, even those not mentioned in the Guided Notes. **Best practice is to complete the Guided Notes in your own words to better help on your written assignments.**

How Long Have Humans Been on Earth? (Page 2)

Evidence suggests that *Homo sapiens* and Neanderthals lived in the same geographic areas during the late Paleolithic era but were very different. List their shared and individual characteristics in the Venn diagram below.

What Might You Find in A Paleolithic Cave? (Page 3)

Vocabulary Term	Explain the meaning of each term in your own words and describe why the term is important to the lesson.
Technology	
Hunter-gatherer	
Nomadic	

List items from the cave and the purpose of each in the chart below. One example is completed for you.

Object	Purpose
Stone tools	A hand ax could be used to cut down trees.

How Did the Environment Affect Early Human Life? (Page 4)

Vocabulary Term	Explain the meaning of each term in your own words and describe why the term is important to the lesson.
Adapt	
Resources	
Clan	
Domestication	

The environment helped determine where early humans lived and how they survived. Complete the sentences below (page 4).

In order to follow _____ of animals to hunt, people made _____ to provide easily carried shelter.

People tended to stay near sources of _____.

Early humans depended on _____ in their area for food and possibly medicine.

Extra _____ and clothing would have been essential in colder climates.

What is Migration? (Page 5)

What is migration?

Why was migration necessary and frequent for early humans?

Describe two examples of how geographic features could impact migration.

1.

2.

What is the Neolithic Revolution? (Page 6)

Describe the Neolithic Revolution in your own words:
