

I am Mr. Hussey and I will be your IB Environmental teacher next year. This summer I would like you to review some concepts from Biology that we will be using heavily this year. This work is mandatory and you can find the directions on how to complete it below.

- 1) Sign up for Khan Academy and join our summer class using [This Link](#) .
(Be sure to select “**Continue with Google**” so your scores will be associated with your RBR account).
- 2) In our Khan academy summer class you will find **Ecology and Natural Systems** assigned. Complete all 3 parts and take the quiz. This will be your first grade for the year.

I will be checking my email periodically so feel free to reach out with any issues. Have a great summer and I look forward to working with you next year.

Mr. Hussey,
