

Political Donation Information for Climate Votes

Climate Votes is a collaborative project led by six large NGO's working together to strategically turn out voters this election cycle. Contributions to any of these groups will help advance this project. You can **write *Climate Votes Project on your check memo*** to earmark your funds for this project (Even if you don't, most additional funds any of these organizations receive during this cycle will still go into this project).

Please alert gregwrock@gmail.com of any contributions you send to these organizations of 1.5°CSG tracking and to **unlock our remaining \$40k match**.
