

We comply with GDPR as set by the EU regarding the collection, use, and retention of personal data in our recruitment processes. By 'we' we are referring to the company TYPEFORM SL, address at Carrer de Can Rabia, 3-5, 4th Floor, 08017 Barcelona (Spain). Here's how we use your info:

We collect your information to deal with your application to Typeform, and also to consider you for any other job positions we may need to cover. We do it so we can review how suitable you are for the role, as well as to assess your personal and professional skills (which include physiological tests). The legal basis for the processing is the need for us to take any necessary actions for the performance of a contract to which you will be a part of. If you want us to keep the data for future vacancies we may have, the legal basis is your consent. In addition, the legal basis to record any interviews we may have with you, if you so authorize us to do, is your consent. In this latter case, information will be processed for record-keeping, training, and quality purposes.

You have the right to access, rectify, restrict, object and erase ("right to be forgotten") your personal data, as well as to exercise the portability right on said data. You can also withdraw your consent at any given time. To do this, contact gdpr@typeform.com and jobs@typeform.com. Let us know if you change any of your personal details, like your email (but we don't really need to know about things like your new pet hamster). You may also lodge a complaint at any time with the Spanish Data Protection Agency (www.agpd.es).

We might keep the info you provide for up to 1 year. If you're hired, we'll keep hold of the info as you'll be here and it might be useful to set up the contractual relationship with us. You can unsubscribe from our recruitment database at any time. Again, just drop us a message at gdpr@typeform.com and jobs@typeform.com.

We follow all security measures related to GDPR, and we will only share your data with service providers that help us out in managing our systems or carrying out the review of candidates. This is the case, among other providers, of GreenHouse Software, Inc. or, in case you authorize us to record your interview, Gong, Inc. In said cases, your data may be transferred outside the European Union, in which case we will rely on the [Standard Contractual Clauses](#) approved by the European Commission. You can always contact our Data Protection Officer at gdpr@typeform.com.
