PART 2 – ACADEMIC WRITING SAMPLE

**PLEASE SUBMIT THIS WITH YOUR APPLICATION:
Maximum length: 5 pages only (excluding references)**

For your PhD studies, you will have to complete an independent research study in the form of a thesis. For the purpose of evaluating your academic writing potential, please provide a sample of your academic writing. This could be an excerpt from your dissertation or another university-level assignment. Please make it clear on your title page the type of assignment for which this was written. If you do not have an appropriate writing sample, an original 5-page submission may be drafted.

The following **criteria** will be used to evaluate your writing sample:

1. Structure and integration

The ability of the candidate to structure thoughts logically. This includes:

- An introduction/background
- Logical sequencing
- Appropriate links between sentences, paragraphs and sections

2. Technical care and presentation

The application of academic writing principles (including the use of a proper referencing system such as APA or Harvard) as well as the ability to properly apply the general principles of English written language (i.e. grammatical and spelling rules) are important. Note that the SPMA uses the Harvard method of referencing.
