### COMPETITION OUTLINE

#### Rounds Breakdown:

#### Round 1: Rapid Fire – A Test of Speed and Precision

(10 teams)

Duration: 45 minutes

Objective:

Participants compete in a fast-paced interactive session, where speed and accuracy are critical. Quick thinking and accurate knowledge will determine whether teams secure an advantage or fall behind.

Details:

- This round will be conducted through Kahoot/Mentimeter.
- Questions will appear live on screen and participants have to answer within the given time (15-20 seconds)
- One Laptop per team allowed, teams should register with their respective "Team Names"
- Kahoot/Mentimeter will automatically place the team on the leaderboard based on timings and accuracy. This will ensure fairness and accuracy in scoring.
