CLASSIFIED DOCUMENT:

Chill Dogs Government
Military Intelligence, Section 5
Operation Thunderstrike
Written by ChargedTurkey
July 16, 2023

DESCRIPTION:

This operation is to overthrow Dobbythecat123 from the Domestic Cat government, as Dobbythecat123 is a corrupt leader who lies for his own benefit and should be overthrown.

DETAILS:

An agent will join the Domestic Cats, and attend training and Domestic Cat meetings, until after a few days, the agent will ask to become a developer of the Domestic Cats.

If the agent is allowed to become a developer, the agent will then actually help develop Domestic Cat experiences and update old ones, but then will tell Dobbythecat123 about a bug in a game that only he can fix since he is the group owner.

The agent will tell Dobbythecat123 to turn on a setting that actually does not exist as a Roblox setting. Dobbythecat123 will obviously fail to do this, as the setting never existed, so the agent will ask to become group owner so he can change the setting, and will give ownership back to Dobbythecat123 when the setting is fixed.

And if the agent becomes owner, he will kick out the Domestic Cat government, including Dobbythecat123, and establish a new Chill Dogs puppet government in the Domestic Cats.

Operation Thunderstrike has started.
