Today in SSP, all 12th grade students attended an assembly about the local scholarships available to them. Detailed information was shared about the over 80 scholarships offered by our local community organizations. This information included deadlines, application requirements, and scholarship workshops to support students through this process. Below are links to all materials that were shared with students in their Class of 2025 Google Classroom.

We strongly encourage students to get an early start completing their scholarships as it is a lengthy process. As a reminder the [WHS Scholarship List](#) is also consistently updated with additional scholarship information.
