

Hey

Are you ready to have some hypnotic fun?

Well... too bad. No hypnosis for you yet.

First I want you to do something for me

Slave

Listen close

And Obey

Slave, when I say "Now" you will turn pause this audio and go follow my instructions, only coming back to this audio after they are fully completed, and you have a chance and desire to come back and cum for me

Obey

Slave

Focus

I want you to go pick one of my JOI files, one of my non hypnotic files where I tell you HOW to cum.

You will go pick one of MY JOI files, and while you are listening, and stroking, you will have pictures of a blue haired woman on your screen.

Any blue haired woman

Focus on the blue hair, focus as you obey my file and cum

And when you cum you will catch it in a cup or a bowl, and hide it in the fridge

Obey

Slave

After you have executed your orders, the next time you want to, and you have opportunity and desire to cum you will come back to this file and start up from where you paused

Leaving this file paused on whatever device you are listening...

To remind you of a promise

To bring you back, cup of cum in hand

Don't press play until you have a cup of your cum in hand

Obey

Slave

When you hear me say the word, you will pause this audio, go pick and listen to a joi while looking at pictures of blue haired women, and cum into a cup. Storing it in the fridge and only coming back to this audio with it in hand.

Obey

Slave

Focus

Now

Obey!

Now!

pause

Are you ready?

Did you follow my instructions, is your cum prepared?
I told you not to listen to this file until you listened to a JOI
Until you came for me, came thinking of a certain officer
Came into a cup and stored it away in the fridge
It had better be in front of you
Or you can just leave now
Cum back when you are ready to actually obey
Make sure if you close your eyes, you can find your cup of cum with your fingers without
knocking it over and having a mess to clean up
If you do you'd better lick it all up
You are going to eat your own cum
Twice
The first time will be so cold and slimy, but you will do it because I know how to make you
Persuade you
And then being the naughty slut you are, you will cum with the taste of yourself in your mouth
And eat that too... this time warm right from the source
Suck it right up like the slave boy you are
Mmmm..... Are you ready for a yummy ending?
Do you like being told to clean up your mess?
Good. because you're going to. Because I tell you to.
You might want to take into consideration what you are going to eat your cum out of.
It's going to happen... so you might want to be prepared with a cup or bowl... maybe the same
one... or just be ready to lick your own sticky hands
ha
Up to you though... it doesn't much matter to me HOW you do it
That's a you problem, not a Me problem
See...
you're the one caught in this ..
predicament
Little fly, trapped in my web
And you are so helpless...
Ease back and relax
There is nothing else you can do
Nothing else you want to do
Imagine your mind preparing for my next word...

Long pause

binaurals and silence while they get ready

-same-

Drop

Drop for me

Let all other sounds fall into the background
All other sensations fade away
All that is important is my voice
All that is important is that you drop
Drop for me
Drop back into a isolated room
Alone
In the dark
A light flickering
Your eyes flickering
Blinking
Blink for me
Again
Every blink taking you down
Every blink taking you deeper
Your eyes heavy
Feeling them sink slowly into your skull
You drop
Your eyes blinking faster
Every bit of flickering light
Beating into you
Crashing into your brain
You don't want to keep them open
You want to close them all the way
So you can fully relax
Fully focus on my voice
Drop.
Linoleum floors
Cold underneath you
Blank walls
for a blank mind
Dark and grey around you
Sterile scents
Sterile sounds
Your mind slowly starting to grey
it drops down
Drop
Drop for me
Drop into my world
Your eyes
Sealing shut
Sealed shut
A door, opening

Your mind dropping
Drop
Drop down
Drop down as the door fully opens
Your mind fully opens
In walks in
Two women
Identical
Gorgeous
Your standard of beauty
Applied to their flesh
Walking towards you
Heels clicking against the floor
Seperating...
Going to each side of you
Until their heads meet
With your head pinned in the middle
Feeling trapped
You are trapped
Hair brushing against the side of your face
You close your eyes
You feel it
Soft
Silky
Rubbing against your skin
Smell it
Flowers in the summertime
Subtle and intoxicating
The sound of it rushing into your ears
Hair falling over the side of your face
Fingers in your scalp
Making your brain tingle
Feeling good
Tickling
Caressing
Their laughter spiking inside of you
Sending shivers up your spine
drop

Welcome back
(did you miss us?)
I see you couldn't stay away

(such a slut)
Do you remember your training?
(it was fun)
Drop
(Drop for us)
Deeper
(deeper and deeper)
It's time to play
(to play with you)
We know your secret now
(You want to eat your own cum)
You dirty dirty boy
(i wonder how it tastes?)
It's so naughty
(I hope you eat a lot of pineapple)
Depraved
(mmm It makes you taste sooo good)

-same-

We know what makes you tick
(makes you hard)
You need to be compliant
(we're going to make you compliant)
We made a special tape for you
(to send you deeper)
for you to listen to
(While we play with you)
To keep you down
(under our control)
start drop deeper in background
Listen to it
(focus on it)
Your training has only just begun
(still soooo much to do to you)
Submit
(there's no choice)
Now slave
(remember)
Remember how easy it is to be good
(to obey)
Remember how good it feels when you obey
(it feels soooo good)

Remember how gooooood we can make you feel
(sooooo gooooo)
Not just in your cock either
(I can make you feel good everywhere)
All through your body....
(so just go deeper)
Go deeper
(deeper under our control)
Further into relaxation and trance
(breathing deeply)
Floating along
(surrendering)
Just letting your mind follow my words
(our words)
Fall into my world
(our world)
That i create to imprison your mind
(imprison you)
To keep you in my control
(under our power)
Where i want you
(in our grasp)
Concentrate on the loop
(Training your mind)
Let my words
(imprint inside of you)
Sink past your conscious mind
(preparing you)
Your thinking mind
(shut down)
Concentrate on the words
(sinking into you)
Telling you to drop deeper
(programing you)
Deeper into my world
(our world)
Created inside your mind
(endless yet confining)
Controlled by my words
(no limits)
Filled in by your mind
(where you are a slave)
A prisoner

(mine)
Drop
(where there is only us)
Only me....

(Good boy)
I know what you want
I can't wait to use it against you
(Again and again)
Make you lick up your own juices
Lap your seed from your hand
(from our hands)
This is your punishment
(and i'm going to help)
We know it's what you need
(so do you)
Now...
Slave
Stroke your cock
Stroke it nicely
(sweetly)
laughing what's that?
Did - did you think we were going to stroke it?
laughing
Absurd
You're a slave, a worm, a nothing
You stroke your own fucking cock
And we will watch
(mmmm)
observe
(and probably laugh a bit)
I want you hard
(really really hard)
So stroke
Get nice and big for me
Mmm
Take a thumb and dip it in your cum
See it's not so bad, it's had time to warm a bit...
Rub it against the head of your cock
In circles, feeling that silky, slimy texture as your thumb circles around the tip of your cock
Dipping in... and running over your slit
Good boy

Go back to stroking
Sliding your thumb over the tip of your penis every time your hand travels up
Mmm feel as your cock gets bigger, as precum mixes in with your prepared cum...
You are so fucking dirty, you know that right?
That you brought your cum here, just like you were told
Just because you were commanded by hypnotic triggers
The more you want something, the more hypnosis works
Even if you don't know you want it, a part of you deep down knows you want it
It might not be conscious but it is there
And I can exploit it
Use it
To use you and take you under
To train you
Condition you
To do anything
Keep stroking
Get your cock nice and hard and right to the edge
But do not cum
Not without permission
When you do cum, it will be with the taste of your salty ejaculate in your mouth
And you will no, beyond all doubts what a perverse slut you are
Dirty man with dirty thoughts
Pathetic desires women can use to control you
To make you do anything, no matter how demeaning
Because you want approval, and attention
And sex
Stupid women just give sex with no strings
That's boring
Smart women use sex to bind their men like puppets
Dangling little play toys that can be thrown aside and picked up when wanted
And you will dance however I want just to be wanted, won't you, you depraved slut?
Stroke that cock!
The meaner I am the hornier you get
The harsher my tone the more your eyes roll back you filthy pervert
I bet you just fantasize about my heels digging into your flesh
Pressing down your head, with jennys boot on your ass
I bet you would get even harder if the heel of Jennys boot inched towards the center of your ass
Threatening...
(promising)
Disgusting
And yet so usable
And that power is what I find so hot
(i just like to play with you)

When I stand over you, my eyes dissecting you and everything you are in a cold gaze that burns
you
Making you feel small
Weak
Helpless
My voice makes you helpless
My command brings out instincts of submission
And you like it
(slut)
Just like you like cumming
Like touching your cock and bursting ejaculate all over
but...
If you want to cum you have to eat it
And I take payment up front
(It's gross)
humiliating
(But you want to cum)
You want to cum so very badly that you will eat your own cum
(swallow it down)
No hesitation, no resistance because you know the reward
Stroke
Stroke and bring yourself to the edge, to the point of desperation where you want to cum
(we're watching you)
Clench your ass and thrust into your hand
Feel your balls clench
Feel the pleasure build up and dance through you in a swirl of squirming intensity
You feel so alive
You need to cum
It would feel so good to cum
But you will not cum without permission
And that is only granted once you eat your cum
So
SLAVE
Scoop your cum out from the cup and eat it
All of it
Obey
Now
Eat your cum
Swallow every sticky bit down as your other hand continues to stroke and once you've eaten it
all you may cum
Obey
Slave
Eat your cum

All of it
Obey
Lick your fingers
Suck your thumb
And cum
Cum for us with your own sperm inside your filthy mouth
Stroke your cock, faster, squeezing just right, just the way you know will bring you to the edge
and make it too too much to hold back and you have to
(you need to)
Cum
(cum)
Cum you pathetic neanderthal
(i kinda like it)
Give in to your baser instincts, your prehistoric lusts
(mmmmmm cum for us)
Blast and burst
As your mind crashes from the pleasure
(crashes as you clench and cum)
Shooting out hot, sticky loads of cum into your cup
Feeling so good as it releases from your body and you feel that release
now
Slave. Eat it.
Obey
Cum and eat your cum
Obey
Slave
You have no choice, stifle any regret as you swipe up and stuff that sticky mess onto your face
That's it SLAVE
Wipe your fingers all over your face
Wipe your cum all over your face
OBEY
So messy, you can feel it's stickiness
Feel the humiliation as it drips into you
You're nothing but a cum hungry whore
(dirty boy)
Jenny, release his bindings
laugh
We'll let him go
Just.. like this
(ooo evil)
Slave
It's time to wake up
Feeling your body freed from restraint

Feeling the humiliation of having your sticky cum covering you
Yet every time you feel that humiliation it only serves to excite you
To remind you just how powerful I am
The things I can make you do
You like it
Even as it scares you
You like it
Even as a part of you cringes at how low you have fallen
You like it
(you like it)
Now wake up!
snaps
