

Movie Notes for:

“Warning from Space”

1. Today's movie is "Warning from Space!"
2. Added on English titles.
3. Space-Man Ginko!
4. Reverse camera space station!
5. Star people want to terminate our blundering.
6. Japan is the perfect target.
7. Conquer the scientist -- particularly Professor Komura!
8. Rainy days and Mondays...
9. We meet Dr. Komura right off, imagine that.
10. This guy has seen a Kurasowa movie.
11. Hot Saki for the good doctor.
12. The paper states there are flying saucers, what do you say?
13. Eat your supper here.
14. Perhaps it is the cousin who is the target. He's a physicist.
15. Maybe he should zoom in on that main light.
16. The radio must be out of warranty
17. Something weird with the power.
18. Lots of lights coming off that main light.
19. Then, all is normal.
20. My father is no longer here, so I must go.
21. She likes Toro!
22. Fixing herself up, for her beaux.
23. If it were a space station, wouldn't a flying saucer explain everything?
24. Look everyone, a flying saucer!
25. It wasn't a meteor -- that is for sure.
26. It could be a flying saucer, or a flying cup, who knows?
27. Other people have seen things.
28. Reports coming in from all over.
29. It is clearly an invasion from space.
30. Could we use the University Rocket program to take some photos?
31. Fishing is bad, it might be because of that giant metal thing.
32. What is that? Reigo? Bone fish?
33. Party time! That can only mean Kaiju trouble!
34. They have seen a star person!
35. Are you ready to fire? Give them the OK.
36. Ready! Take cover. Fire the rocket!

37. We have been getting reports of monster, and there is something on that wall.
38. Get the Geiger counter.
39. Meanwhile at the photo lab.
40. With our new fangled control, we could keep our camera on it.
41. It looks like the picture from the telescope.
42. He is investigating UFOs, we can tease him about it when we see him.
43. Astronomers are well known for there biology expertise.
44. Get my gloves and geiger counter.
45. I am seeing a glow, but I won't report it.
46. I saw an eye!
47. Stop launching stuff, and maybe we can figure this stuff out.
48. We will shoot anything down we find.
49. Here is the big star of the show!
50. Apparently a dancer.
51. And, a screamer!
52. They're here!
53. The cafe radio is acting up again.
54. To the moon Alice!
55. Number 1. Number 1.
56. They either run in terror or attack.
57. What should we do?
58. Assume the form of a human. Here is one!
59. You are too valuable
60. The fate of Eye-ra rests with you! Get it Eye-Ra!
61. This transmutation takes way too long. Abort! Abort!
62. The transmutation even includes clothes!
63. Meanwhile in Japan! Here are some beautiful scenes!
64. It was really alarming, but it is past now. We can relax!
65. Nothing to worry about now that the saucers have disappeared.
66. Look at the young ones enjoying themselves!
67. Look over there. And over there! It is pretty!
68. Is it a body in the lake?
69. Alien? Is this some sort of Earth joke?
70. It looks like our dancer girl!
71. Can we have a reaction to your double almost drowning?
72. A faint? That works!
73. Dr. Kamura can we keep her?
74. The Evil plan's beginning is a success!
75. Meanwhile at a nearby school!
76. Sorry to interrupt you teaching, but you should meet your boyfriend at the tennis courts.
77. Boy, she sure can jump high. That is normal right?
78. This is number 6. I am here to help. Signal if you need us.
79. Father had a weird request.
80. He asked for her hat and racquet.

81. Look it is a famous person!
82. How did she get away?
83. What is strange? The racquet? No the girl!
84. I hit a lob and she jumped 10 feet! Plus she went through a closed door.
85. That notebook is confidential and you shouldn't be looking at it, but I left it open.
86. There is only evil in power so great!
87. Who were you talking to?
88. Relax, he'll be here soon.
89. I witnessed something uncanny.
90. The girl knew my formulas at one glance.
91. Her fingerprints -- she has none.
92. Here is some samples of stuff that are identical.
93. I have more evidence like jumping high and going through closed doors.
94. Remember that flying saucer sound, there it is now!
95. Here she is now!
96. You are not human! Why are you here?
97. Our planet is on the other side of the sun.
98. It can be only handled in a magnetic field.
99. Save the earth! Save the earth!
100. There is a runaway comet headed towards earth.
101. You cannot use this explosive device.
102. You have to use all of the nuclear weapons on earth -- if we cooperate.
103. A gigantic blast should avert the planet, but don't use this special explosive formula you came up with.
104. An alien told us this information.
105. Us young people don't believe in this nonsense!
106. We yell, and they yell back! Funny!
107. Harumph! I need a harumph from you!
108. The world congress refused us.
109. When the world ends, we will be proved correct!
110. We have 15 days, and we'll be able to see it!
111. Planet R!
112. No one believes the scientists. Like it is about viruses or anything.
113. The news of this explosive is out!
114. I will buy your formula.
115. Get out Captain Garth...Lord Garth!
116. Here are the reports of Planet R. Nothing yet.
117. Still nothing.
118. We see it!
119. Wait, is that it?
120. That's the sky all right!
121. Can we see it?
122. Can cats and dogs see it?
123. Still nothing from the observatory!

124. This is how science works ... right?
125. He sees it. It will be here in a few days!
126. Too bad there is only one observatory.
127. We will have 50 days unless we use bombs.
128. Conga line at the observatory.
129. They will reconsider!
130. Why should we evacuate Tokyo? Are they going to another planet?
131. We don't have room in the shelter for older people. Just kids!
132. Way to disembark the train!
133. Meanwhile all over the planet...
134. Was that a meaningful scene?
135. It is accelerating!
136. Dr. Matsuta was kidnapped by this mobster.
137. I am going to get this formula no matter what.
138. I don't believe in your science -- unless it is profitable for me.
139. He will give you the formula if he is gagged.
140. His formula is our only hope, but where is he?
141. The weather started getting rough!
142. Typhoons! Hurricanes! Smog!
143. The shelter had glass windows?
144. All fixed! The windows have been taped.
145. It is accelerating again!
146. Collision in 20 days!
147. What is the world congress waiting for?
148. Just in time, they decide to launch the bombs against Planet R.
149. We are sending Gamera to blow it up!
150. It doesn't matter that we haven't heard from Dr. Matsuta!
151. Time passes! People sweat!
152. They hit it, but it didn't do anything!
153. Sleeping beauty got married and live happily ever after until the collision happened.
154. At the observatory, the air conditioner broke.
155. 5 days to collision.
156. He has gone 10 days without water.
157. Several animals were hurt in the making of this movie!
158. Here comes the floods -- but global warming is a hoax!
159. Scared by a mouse!
160. Good thing they fixed the glass window...
161. Here use this flex paste!
162. Use all your strength!
163. Earthquake!
164. Your struggles may prove helpful.
165. Let's sing a song. When the levee breaks ...
166. We might still have a chance with Matsuta's formula.
167. We can find him because he has our ring.

- 168. I have been tied up here for a month, but I could live that long fine.
- 169. Matsura is having a bad month!
- 170. He is here!
- 171. Our super weapon is ready.
- 172. Watch this as our count down begins.
- 173. It has done it. Now the earth will be pelted by tiny meteorites!
- 174. Everything will go back to normal, except now Gamera will be made!
- 175. Now she will be transmografied back to a star person.
- 176. We get to see the entire thing again, because we needed it...
