**Submission – Structuring initiative**

**Health Inequalities and Equity Axis**  
**ICTs and Health Axis**  
**Ethics Axis**  
**Global Health Axis**  
**Population Mental Health**  
**Public Policy and Population Health Axis**

**Climate Change and Eco-anxiety**

<b>Application Date</b>

<b>The Research Team</b>
<b>Applicant</b> Name: Affiliation:
<b>Co-applicant (Add more boxes if needed)</b> Name: Affiliation:
<b>Knowledge Users (Add more boxes if needed)</b> Name: Affiliation:

<b>Title of the project</b>

<b>Ethical considerations</b>
Has the project received approval from a university or hospital ethics committee? <b>IF YES:</b> specify : <b>IF NO:</b> describe, if funded, the steps and timeline for obtaining institutional ethics certification:

<b>Submissions</b>
Has this project also been submitted to another structuring initiative competition launched by the QPHRN or another of its strategic axes?

Is a member of the research team (does not apply to knowledge users) also listed as a co-applicant on another submission to the QPHTN's structuring initiative competitions and/or its strategic axes?

## DESCRIPTION OF THE PROJECT

PROVIDE AN OVERVIEW OF THE PROJECT with emphasis on the elements below.

1. Brief contextualization demonstrating that the project explores one or more issues related to eco-anxiety and population health as consequences of climate change (1 page max.)
2. Short and medium term objectives (0.5 page max)
3. Methodological approach: (2 pages max)
  - 3.1 Demonstrate the interdisciplinarity of the team and describe in detail the contribution of each researcher, including the knowledge users if any.
  - 3.2 Demonstrate how expertise and data will be integrated.
  - 3.3 Mechanisms to ensure transfer of expertise (sharing of resources, personnel, co-supervision of students, etc.)
4. Mechanisms planned to allow for convergence of data and translation to concrete application(s) (0.5 page max)
5. Potential impacts and outcomes (tools developed, intervention strategies, policy change, etc.) (0.5 page max)
6. Timeline and feasibility (0.5 page max)

## MEANS TO ENSURE TRANSFER OF KNOWLEDGE TO USERS OF GENERATED KNOWLEDGE (0.5 PAGE MAX)

Disseminating information, holding events, implementing tools, etc.

## LEVERAGE EFFECT (0.5 page max)?

Other sources of funding or other partner support (in funds, materials or research personnel)  
Sustainability plan: identification of partners, applications to other granting agencies (give name, competition and expected submission date)

## BUDGET AND JUSTIFICATION (1 page max)

See the list of eligible expenses according to the FRQS rules, section 8, by clicking [here](#).

Justify the amounts requested by ensuring that there is no duplication with your existing funds.

**Attach the curriculum vitae (in .doc, .docx or .pdf format) of the applicant, co-applicants and of the knowledge users, if any.**

Please send the completed form to Marie-Anne Fois, coordinator of the Health Inequalities and Equity Axis at the following email address: [marie-anne.foisy.1@ulaval.ca](mailto:marie-anne.foisy.1@ulaval.ca).
