ĐỀ 1	ĐỀ ÔN TẬP CUỐI HỌC KỲ II NĂM HỌC 2025-2026 MÔN: TIẾNG ANH 12

Circle the letter A, B, C, or D to indicate the word whose underlined part differs from the other three in pronunciation in each of the following questions.

Question 1: **A.** advertise **B.** provide **C.** hire **D.** city

Question 2: **A.** challenge **B.** chatbot **C.** childhood **D.** machine

Circle the letter A, B, C, or D to indicate the word which differs from the other three in the position of the main stress in each of the following questions.

Question 3: **A.** afford **B.** adapt **C.** conserve **D.** rescue

Question 4: **A.** popular **B.** dangerous **C.** credible **D.** effective

Circle the letter A, B, C, or D to indicate the correct answer to each of the following questions.

Question 5. He is capable _____ doing the job well.

A. of **B.** in **C.** on **D.** with

Question 6. We can_____ information on social media sites, which is free and effective.

A. promote **B.** deliver **C.** develop **D.** post

Question 7. Students can seek support from AI chatbots so that they can_____ the lessons better.

A. explain **B.** understand **C.** provide **D.** create

Question 8. If your sister _____ hard, she'll pass the exam.

A. studies **B.** will study **C.** have studied **D.** study

Question 9. We will have the house _____ next month.

A. to repaint **B.** repaint **C.** repainting **D.** repainted

Question 10. AI has many practical applications such as _____ and virtual assistants.

A. facial recognition **B.** centre security

C. technology **D.** entrance

Question 11. Tik Tok is_____ an interesting app that it attracts users from different age groups.

A. such **B.** so **C.** like **D.** very

Question 12. She always has her assistant _____ emails for her.

A. writing **B.** writes **C.** to write **D.** write

Question 13. Some singers are _____ popular that their tours sell out in minutes.

A. too **B.** such **C.** so **D.** as if

Question 14. You need to _____ your phone before using it.

A. analyse **B.** distribute **C.** degrade **D.** activate

Question 15. If you _____ any experience, you might face difficulties when finding a job.

A. don't gain **B.** gained **C.** would gain **D.** will gain

Question 16. Nam studies English _____as Math.

A. as good **B.** better **C.** the best **D.** as well

Circle the letter A, B, C, or D to indicate the best arrangement of utterances or sentences to make a meaningful exchange or text in each of the following questions from 17 to 20.

Question 17.

a. Jack: Hi, Emma! I spent the weekend working on a new project at home.

b. Emma: That sounds productive! What kind of project are you working on?

c. Emma: Hi, Jack! How was your weekend?

A. a – c – b **B.** c – a – b **C.** b – a – c **D.** c – b – a

Question 18.

a. Alex: Why online classes?

b. Sue: I'm going to try online classes.

c. Alex: How are you going to improve your English?

d. Alex: I think online classes are too expensive. I don't think I'll try them.

e. Sue: They improve our communication skills, and they have flexible schedules.

A. c-e-d-b-a **B.** c-b-a-e-d **C.** d-e-a-b-c **D.** d-b-a-e-c

Question 19.

a. Before recycling, remember to rinse out containers and packaging to avoid contamination.

b. Compostables consist of organic waste such as fruit peels and leftover food. Collect them in the compost bin.

c. Non-recyclables, such as single-use plastics and contaminated materials, should be placed in the waste bin.

A. d – c – b – a – e **B.** d – c – a – b – e **C.** d – c – e – a – b **D.** c – a – b – e – d

Read the following passage and circle the letter A, B, C or D to indicate the option that best fits each of the numbered blanks from 21 to 25.

The Role of Technology in Wildlife Monitoring

The integration of technology in wildlife conservation has opened new horizons for environmental research. In many remote areas, there are (21)_____ monitoring systems deployed to track animal movements and behaviors. State-of-the-art equipment, (22)_____ captures detailed data on migration and habitat use, assists researchers in making informed decisions. Field teams work (23)_____ to operate these devices, ensuring minimal

disturbance to the natural environment. Recent innovations have highlighted an urgent (24)_____ for modern tools that enhance the accuracy and efficiency of conservation efforts. (25)_____, the continuous development of satellite tracking, drone surveillance, and sensor technologies is revolutionizing the way scientists study wildlife. This technological advancement not only boosts research capabilities but also facilitates quicker responses to environmental threats, ultimately contributing to more effective preservation of our natural heritage.

Question 21. **A.** many **B.** much **C.** every **D.** another

Question 22. **A.** who **B.** that **C.** which **D.** whose

Question 23. **A.** efficient **B.** efficiently **C.** efficiency **D.** efficacious

Question 24. **A.** requirement **B.** need **C.** importance **D.** criticality

Question 25. **A.** Moreover **B.** However **C.** Therefore **D.** For example

Read the following passage and circle the letter A, B, C, or D on your answer sheet to indicate the correct answer to each of the questions from 26 to 30.

Artificial Intelligence (AI) has rapidly emerged as a key driver of innovation in various fields. By mimicking human cognitive functions, AI systems analyze data, recognize patterns, and make decisions with minimal human **intervention**. In the healthcare sector, AI assists doctors in diagnosing diseases, predicting patient outcomes, and personalizing treatment plans. In education, AI-powered platforms adapt content to suit individual student needs, thereby enhancing learning experiences. Moreover, businesses benefit from AI by automating routine tasks, optimizing supply chains, and improving customer service through interactive chatbots.

Despite these benefits, AI also raises significant challenges. Concerns about data privacy, algorithmic bias, and job displacement have sparked debates among experts and policymakers. Many advocate for developing ethical guidelines and regulatory frameworks to ensure that AI is used responsibly. Researchers continue to explore new frontiers in AI, including advancements in machine learning, natural language processing, and robotics, all aimed at furthering efficiency and innovation. Overall, while AI presents both opportunities and challenges, **its** integration into various aspects of daily life is likely to drive progress and shape the future.

Question 26. What is the main idea of the passage?

A. The evolution of AI and its significant impact on multiple sectors

B. The dangers and risks associated with AI development

C. The ways AI replaces human roles in industries

D. The importance of human skills in the era of AI

Question 27. The word "**intervention**" in paragraph 1 is closest in meaning to:

A. assistance **B.** interference **C.** involvement **D.** supervision

Question 28. Which of the following is NOT mentioned as an application of AI in the passage?

A. Assisting doctors in diagnosing diseases

B. Adapting educational content for students

C. Automating routine business tasks

D. Enhancing physical performance in sports

Question 29. Which of the following is TRUE according to the passage?
A. AI is only beneficial in the healthcare industry.
B. Ethical concerns about AI have been completely resolved.
C. AI is driving progress and shaping the future despite its challenges.
D. AI has no impact on job displacement.
Question 30. The word "**its**" in paragraph 2 refers to _____
A. AI **B.** language **C.** machine **D.** efficiency

Combine the following sentences without changing the meaning. Use the given word(s) if any.
Question 31. The devices are so smart, so they can help in daily life. (so…that)
_____
Question 32. The tools are so powerful. Therefore, they can analyze data in seconds. (such…that)
_____
Question 33. If you don't limit screen time, you will have headaches. (Unless)
_____
Question 34. She keeps learning or she may miss out on future career advancements. (If)
_____
Rewrite the following sentences without changing the meaning. Use the given word(s) if any.
Question 35. She hired a gardener to maintain the backyard.
She had a gardener
_____
Question 36. A designer will redecorate his office space.
He will get his office space
_____
Question 37. "You should study hard for your exam" said her mother to her
Her mother advised_____
Question 38. "Ok, I'll ask a mechanic to check the engine of the car" my brother said
My brother agreed_____

---------- THE END ----------
- Thí sinh không được sử dụng tài liệu.
- Giám thị không giải thích gì thêm.
