

Hello **Lesley-Ann**,

I came across your website after browsing for 24-hour gyms in Annon. You have maintained an opt-in page that is clean and has very limited access.

Upon looking through your insta profile and digging deeper,
I saw that you don't have any organic ads running.

I think you are considering online classes on a weekly basis. Together we can get more online clients through social media. I can see us working together and implementing organic methods to grow your business.

As a **strategic partner**, I can write you a better **opt-in page**. Can manage your
Newsletters/Email-sequence/IG-Captions.

You can respond to this email to get things done.

May I anticipate that a meeting will facilitate the completion of tasks?
