## Instructions:

1. Cut and score the cardbase. The 3 1/2" scoreline is folded as a mountain fold, the 7" scoreline is a valley fold.
2. The four strips that form the steps or blocks are spaced evenly between the middle and back panels. So first place the top and bottom strips then the second and third thus ensuring that spacing is sufficient n between the steps/ blocks. When adhering the strips for the step/block effect ensure that you place it next to and not on the fold of the 7" scoreline.
3. When closing the card the steps/blocks are folded outwards within the card.
4. Decorate as desired.
