Recently released by Dragon Gaming, *Freaks of Folklore* is a 5x3 reel setup, 20-paylines horror-themed slot where hellish demons and eerie folklore come to life. Re-triggerable spins, guaranteed expanding wilds, giant symbols, and mystery symbol transformations are among the interactive features that will put you in high spirits as you unleash the Freaks of Folklore slot game.

The star of the show in this slot is the random bonus feature. Keep an eye out for this because you can randomly get one of four bonus rounds in the base game; Demon Goat, Berserker Bunny, Cursed Cupid, or Jack O'Lantern. The best part? you won't need to match any symbols for that to happen.

Don't worry about getting bored, as every bonus feature adds a fun twist to your experience. For instance, when special features are activated, the screen lights up with dramatic effects, such as glowing auras and spectral shadows, fostering a more immersive, yet spooky session.

Slots Capital Casino invites players to take advantage of this limited-time offer and experience the spine-chilling adventures of *Freaks of Folklore*.
