FACULTY AFFAIRS COMMITTEE

TO: The Academic Senate
FROM: Faculty Affairs Committee (FAC)
SUBJECT: 20-21 FAC 7: 2021-22 Proportional Representation on the Academic Senate, Senate Standing Committees and University Tenure and Promotion Committee (UTP)
PURPOSE: Information to the Academic Senate
ACTION REQUESTED: That the Academic Senate be informed of the 2021-22 proportional representation on the Academic Senate, Senate Standing Committees and University Tenure and Promotion Committee (UTP)

BACKGROUND:

At the FAC meeting on Wednesday February 3rd, 2021, the committee consulted the 21-22 Academic Senate Marshal Allocation [Memo](#) in order to determine the composition of the University RTP committee for the academic year 2021-2022.

Note: There must be five members on the University RTP Committee, and the representation is normally apportioned by number of faculty in each college. As of 2020-2021, CLASS and CSCI now have equal numbers of faculty, so FAC noted that the colleges will alternate years in having one or two representatives. In 2020-21, CLASS had 2 representatives on the University RTP. Therefore, in 2021-2022, CSCI will have two representatives.

The College Libraries have a distinct RTP process and therefore are not calculated as part of the allocation.
