

Privacy Policy

ScanMate is committed to protecting your privacy. This policy explains how we collect, use, and share information when you use our app, specifically regarding camera access.

Data Collection

Our app accesses your device's camera to scan QR codes. We do not collect, store, or share any images or video from your camera.

Data Usage

The camera is only used to perform the scan. No data is collected, saved, or sent to any third party.

Third-Party Sharing

We do not share any camera data or information with third parties.

User Control

Users can manage camera permissions in their device settings.

Security

We implement security measures to ensure any data used within the app remains protected.
