- Happy and well fed from the chaos that ensued, God went to go check on Bee in prison, to rub in their face the fact that people were still praising God and Bee was still all alone in a small prison cell. God was in for a rude surprise to see a part of the prison partially blown up.

Intro:  The crawl into a new world... [REDACTED]

The Walls Protect Us: <https://youtu.be/hvLnZLfPP7Q>

- Feeling paranoid that God will destroy Mother Tree and find Bee, Sky resolves to build a wall around his base.
- Sky and Bee have a much needed conversation about the walls surrounding the server, Bhimsical_Wee, and the morality around killing people in this world, with a little dance party.
- What can also be taken from this conversation is Bee still blames themselves for God punishing them, and Sky wants to protect his base, including Mother Tree, even having nightmares of God destroying everything he cares about.
- Sky reveals that he has very neutral and morally dubious ideas around killing and death. He reassures Bee that what they did was not worthy of imprisonment and that they shouldn't blame themselves.

The Campsite: <https://youtu.be/sboRIwBXg18>

- Bee decides to take a little wonder outside the walls, curious of how far God can see, and ends up finding a mysterious campsite. Bee keeps thinking that it's one person in particular... a person who Bee

Bee's Vod:

<https://www.youtube.com/watch?v=jzGHdN4mQ54>

- Void Summit meeting is held that Bee organised, Wispy and Essie showed up
- At the Void Summit meeting, Bee brings up Secret showing up, mentioning about how they asked Secret how to get rid of God
- Bee brings up knowing somebody (Ty), who could be eyes on the inside, so the Void Summit could find out any of God's plans since nobody knows God's next move
- Ty finds the book in their mailbox (pre-stream because I'm stoopid) learns of being invited to the magic school. Very excited, very pog.
- Start of the stream, Ty heads off to the magic school and takes the transit over while he talks to a weird purple man (Weezy).

-

- During the event at the magic school, under the guise of it being a clean up; Bee, Ty, Weezy, Wispy, Envy and Essie all show up. Wispy promises to go out for ice cream after the clean up
- Things start out pretty chill at first, until Raguel (C!God Shellby) shows up, sounding a little unhinged, asking for Bee
- Wispy immediately starts up a special invention of magic that he had been working on, sending all the people in the school and the school itself into a whole other realm; The nether
- There's a black gooey sea serpent that swam around in the lava; surrounding the school. Everyone sits in the school for a bit, checking the perimeter to see the damage
- Soon after Raguel shows back up, taunting them 'You think you can hide from me?!' Wispy starts up the machine again
- The school gets transported to another realm, the end, AKA the realm of Magic (Where essie is from)

- Instead of a gooey sea serpent surrounding the school, there are roots of mother tree that envelope the school and keep it safe
- Everyone stays in the end for a while, waiting things out, knowing that Raguel would be waiting for them in another realm.
- They all sit and chat for a while, talking about their circumstances and everything
- Wispy goes to check on the machine and it starts to go haywire due to the pure magic of the realm, they are all transported back to the overworld.
- Raguel is nowhere in site for now, everyone is cautious, especially Bee
- Doesn't last for long though, Raguel shows up; advancing towards everyone, mentioning that they are only here for Wispy now, and taunts wispy, telling them that banning them from the school would do nothing; they are 'God' after all
- Wispy frantically tells everyone to get inside the school before getting taken away by Raguel, everyone freaking out that Wispy got taken
- Not that long after though, Essie mentions going out for ice cream like it was promised, and they all gather at the magic school shopping district to chat about what just happened.
- Bee and Ty breaking off to go talk to each other privately, where Bee asks Ty if they can keep an eye on God by getting buddy-buddy with them; joining the others soon after
- It's not long until Raguel shows back up, this time making everything go dark; humming the song 'Hoist the colours' then laughing maniacally
- Essie walks out bravely when Raguel asks if Bee is still there, Essie lies and says no; Raguel is suspicious (Funny moment where Raguel see's Bee through the only shop with an entire wall that is glass, I broke

character there it was too funny) (I DIDN'T REALISE THE WINDOW WAS RIGHT THERE PLEASE ;-;)

- Envy mentions that they are just looking at a mannequin and just shopping (because I laughed hehe)
- Raguel soon leaves and Bee rushes to go to the mini void, the others all spread out too. Ty going back home
- The world starts to have more black tendrils appear, the night seemingly going on forever as well as a constant storm

Bait

- When he awakes, he finds himself trapped in a cage, surrounded by eyes, and with God watching him. He has no items or armour.
- God assures Sky that no harm will come to him so long as he tells the truth.
- They ask him where Bee is, firstly. Sky denies all knowledge of Bee's escape from prison or their whereabouts. He says that he has barely

left his bakery and participated in the most recent Battle Nexus to reclaim his crown (he failed lol). God realises that Bee is hiding in Sky's base because that area of the server is protected.

- God moves on to question Sky about Mother Tree. Again, Sky denies ever knowing of Mother Tree and doubles down that he doesn't know anything. God doesn't believe him. They tell him that they know he brought Mother Tree to [REDACTED] and that she has been protecting him from God.
- God gives Sky one last chance to tell them where Bee is. Sky thinks about this for a long time but ultimately tells them that he doesn't know anything. God tells Sky to think of the most important thing to him, to really picture it in his head, and then they drop him into a pit of lava. Sky loses his first canon life.

"Am I...Pregananant?"

- Crow meets with Bee while they explore his base and the area within the walls.
- Crow shows Bee the progress he has made on the walls (having finished them) and explains that Mother Tree has been expanding her

roots and that she has cast a magical barrier on the walls that will protect the area inside from God.

- They return to the void and Bee's shitshack where Crow tells Bee about the loss of his life and God's interrogation. He warns Bee to be careful because God knows where they are and tells them to never leave the safety of the walls. Crow fears that protecting Bee will get him killed. He has to protect them.
- Bee responds by saying that they have been exploring outside of the walls but with a disguise and the help of Tyrant. They show Crow their base within the void. Crow takes a picture of sad Bob that he places at the entrance of his base to deter God from coming near.
- Bee and Crow go to Mother Tree where Bee shows Crow the tunnel that Tyrant has been digging to Bee's old base. Crow warns Bee to be careful who they allow within the walls and to not place any rails in the tunnel. Or, at least, any rails near his base.

- Upon returning to Crow's base, they listen to another music disc and take the opportunity to find some peace in their lives, if only for a short moment. They say their goodbyes and continue with their respective days.

BREAKING WISPY OUT

Bee's POV:

📺 Welcoming the New Void Summit Members and Breaking Wispy o...

Crow's POV: [\[REDACTED\] SMP: Saving Wispy](#)

- A Void Summit meeting is held to welcome the new members Macchi and Bear, and to also discuss breaking Wispy out
- Crow and Macchi flew up to the lantern to break Wispy out, while Bee and Elf had invisibility potions and disguises while placing water at the bottom with Bear to make sure Wispy had a safe place to fall
- Bee felt deja vu from his own breakout
- As the group makes their way back, Raguel commands Weezy to attack

- The group made it all back to the Void Summit hideout before Weezy could kill anyone (hi, sky here, i don't know if that's true)
- They decide the next move would be to go to Sky's base and the new Void
- While at Void Summit, Wispy reveals a secret room that was unknown to any other members of Void Summit. Inside is a lab that contains a part of Mother Tree's root. Crow recognises it and instantly becomes suspicious of Wispy. He has reservations about letting Wispy near Mother Tree.
- Weezy attacks again as they retreat, Crow and Bear fighting Weezy while the others make it into the safety of the walls
- Crow reinforces the walls and any holes with obsidian to prevent Weezy from getting inside. This fails and Crow encounters Weezy close to the entrance. They fight, but Weezy is able to escape.
- Bear and Crow defend the walls while everyone else ran to Mother Tree. They find Weezy hiding in a valley close to the walls. Again, they fight, but Weezy disappears into the ground.
- Macchi takes the tunnel to Ty's, in the hopes that God did not see them
- They make it to the Shit Shack by the Void thinking they are safe, but Weezy suddenly appears from under the Shit Shack, Bee had completely forgotten about the sculk under the shack.
- Crow and Bear fight Weezy outside the Shit Shack while the rest retreat. Weezy flees to his sculk cave where he is cornered and slain by Bear. Crow begins to fill the hole with the rest of his obsidian.
- Bee and Elf retreat with Wispy to Bear's old campsite just outside of Crow's walls thinking that they would be safer away from Weezy
- Raguel appears at the campsite so the Void Summit decides to take Wispy to somewhere Raguel could not follow, the team regroups at the Colosseum Nether portal, they needed to hurry and could not worry about sneakiness, their focus was to get Wispy to safety
- It's decided that Wispy will be safer in the End, with Mother Dragon to keep Weezy out, and Raguel being unable to enter the End at all.
- After leaving Wispy in the end, Crow and Bee meet in the Void to discuss what has happened. Crow tells Bee about Mother Tree's root in the lab and says that he believes that the book Wispy mentioned might have more information.
- IT DID NOT. HAVE. MORE. INFORMATION.

The Destruction of Void Summit

- Void Summit meet to discuss what their plans are with regards to God. How do they kill them?
- Bee mentions that they considered inviting Tyrant to join Void Summit but decided against it after an argument they had.
- The group realise that Wispy is missing from the meeting (Wispy overslept).
- Wispy says that he has someone that he wants to join Void Summit.
- It's God.
- God tells Void Summit that they've stolen something special from each member and that the first person to find theirs will get it back while the others will be destroyed. For Bee, God promises to stop hunting them.
- Void Summit is destroyed and the team are given coordinates for their items.
- As they travel to the coordinates, they are continuously attacked by Wispy using magic. Wispy fell in a hole and crashed his broom.
- They arrive at the ruins of an ancient city. Wispy tells them that they have to find the keys to progress.
- The ancient city was a civilization from before the current members were dragged into this world.
- Moving on to the next room, the team are confronted by Weezy in his skulk lair. He explains that he joined God because Bee betrayed him. They have to find the key to the next room, but many of the chests are filled with duds. While this is happening, he begins spawning mobs on different players and dropping TNT on them.
- In the next room, they meet Tyrant who has joined forces with God. Tyrant explains that they want peace in the server and the only way to get it is by working with God. They tell the team that they need to find the key to the next room but the room will be slowly filling up with water. While this is happening, they begin spawning charged creepers around the players.
- Finally, the team makes it to the final room. A recreation of the colosseum back at spawn. Wispy confronts them again and explains that only one of them was supposed to survive to the end but that they can now fight clones of Bee to win their item.

- During the third fight, Crow dies and loses his second canon life. He is brought back by God and God kills Reginald because he lost.
- God gives the rest of the team an ultimatum. They can either fight to the death and whoever is the last person standing will win their item while the others get destroyed. Or, they can discuss it as a group and agree on a winner. The others choose to talk about it and agree that Bee deserves their freedom above all else. God claims that this is boring but keeps their word and grants Bee their freedom in exchange for everyone else's items.
- The God Squad leave and Crow begins to dig a hole through the obsidian wall when he encounters Wispy. Wispy asks Void Summit if they have any ideas on how to kill God in case his partnership with them doesn't work out. Void Summit refuses to share anything with him and Crow tells him to fuck off.
- The group returns to Mother Tree and debrief about what has happened. They agree to return to discuss how to kill God.

CROWS POV: [\[REDACTED\] SMP: The Destruction of Void Summit](#)

CONFRONTATION:  Confrontation- [REDACTED]Craft

Raguel and Cousin have a chat

- Raguel's Blade and wings get left in Crow's and Essie's mailboxes, covered in webs, indicating how long it had taken for them to be sent to the two, from Nici. Nici's whereabouts are unknown

So... What now?

- In between the chaos of everything, Bee decides to venture back to their cottage with their new-found "freedom."
- Bee doesn't feel free, they make that very clear throughout this trip.
- Bee reminisces, remembering Stella, and all the fun memories in the area surrounding Bee's base, including the cat cafe.
- While looking around the area, Bee hallucinates Raguel (Leugar), watching him and also hallucinates watching Wawa Horse die. When Bee looks back later, Wawa Horse is alive again, which confuses Bee

- Cousin joins Bee, and when Bee asks about the inverted coloured Raguel, Cousin says he can't see anything
- Bee moves all his cats from the cat cafe back to Mother Tree.
- Envy is seen, camping by Mother Tree, also hiding from God's wrath like Bee once did
- Bee admits he feels guilty for what happened with Ty, having to explain to Cousin the situation there, Cousin seems to have a deep understanding of how Bee is feeling
- They decide to look towards the future, focus on what they have left, and how to take Raguel down
- Elf and Bee get a little tipsy after Cousin gives them some drinks
- Cousin leaves a flower at Luna's grave
- "YOU ARE THE MAIL SERVICE ELF" - Bee to Elf when talking about losing the building
- They come across Bear, who is fishing, and is, ironically, the most sober person
- The four sit outside of Cousin's house and discuss how they could bring Raguel to justice
- They decide to entice Raguel with some entertainment
- While they think, one of the bees in Bee's brain suggest to put Raguel in jail as a joke, give Raguel a taste of their own medicine
- They suggest using Mother Tree to their advantage
- Cousin tells them how much Raguel enjoyed the Basement trial, so it is decided a court trial will be held, to distract Raguel long enough to trap them in with the roots of Mother Tree
- Elf works on a court summoning letter for Raguel

God's Court Trial: The People vs God

Saul is found:  Saul Goodthey/them- [REDACTED]Craft

- Void Summit believes that one way to defeat God is to imprison them. And they can do this with a court trial.
- Crow volunteers to be the prosecution while Essie will be the judge. The rest of Void Summit will act as witnesses.
- God brings their own lawyer, Saul Goodtheythem.
- Crow brings up several pieces of information including the destruction of Bee's bee, the imprisonment of Bee, the loss of Crow's canon lives,

the loss of everyone's items, and the kidnapping and murder of several members of the server.

- With all these pieces of evidence, Saul Goodtheythem will often question the validity of them.
- While the jury is deliberating, Void Summit discover that Mother Tree has grown her roots to cover the court house. They decided to keep it secret for now.
- The jury finds God guilty of all charges and Essie sentences them to imprisonment. God questions how we will do that and Void Summit respond by saying they will utilise Mother Tree's magic.
- God says that the magic isn't strong enough in their domain and chases Void Summit all the way back to the void. There, they taunt to group, telling them they have a month to prepare. And then God will destroy them.
- The team discuss what they can do. Crow is losing hope. He says that he might be able to find a cure for Cosmo's eternal slumber and see if he will join their side but there aren't many people left that will stand up to God. They've all been killed or gone missing.

BEE'S POV: [Taking God to Court \(\[Redacted\]Craft lore\) | COURT TRIAL + WISPY'S LABYRINTH](#)

The Night Before the Battle

▶ The Night Before the End - [Redacted]Craft Pre-Finale Intro

- Bee and Basement meet up the night before the battle to chat outside what was once God's followers' HQ, but now are remnants of what was once there thanks to Basement
- Bee fears that this could be their last time talking
- Basement and Bee reminisce about YesSMP, about how it was easier
- They talk a lot about Basement blowing up things
- Bee says that Raguel will never understand the power of a true friendship
- Bee says despite the danger, they are fighting for something worth fighting for, their freedom, friendships, and for those they had lost

FINAL BATTLE:

BEE'S POV:  **[REDACTED]CRAFT FINALE - IT ENDS TODAY**

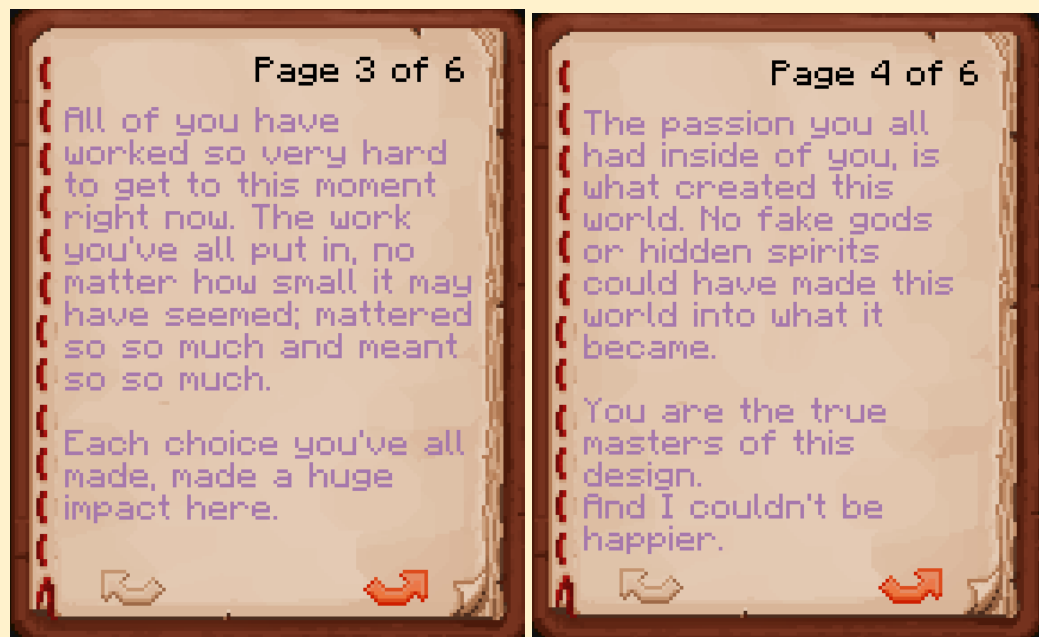

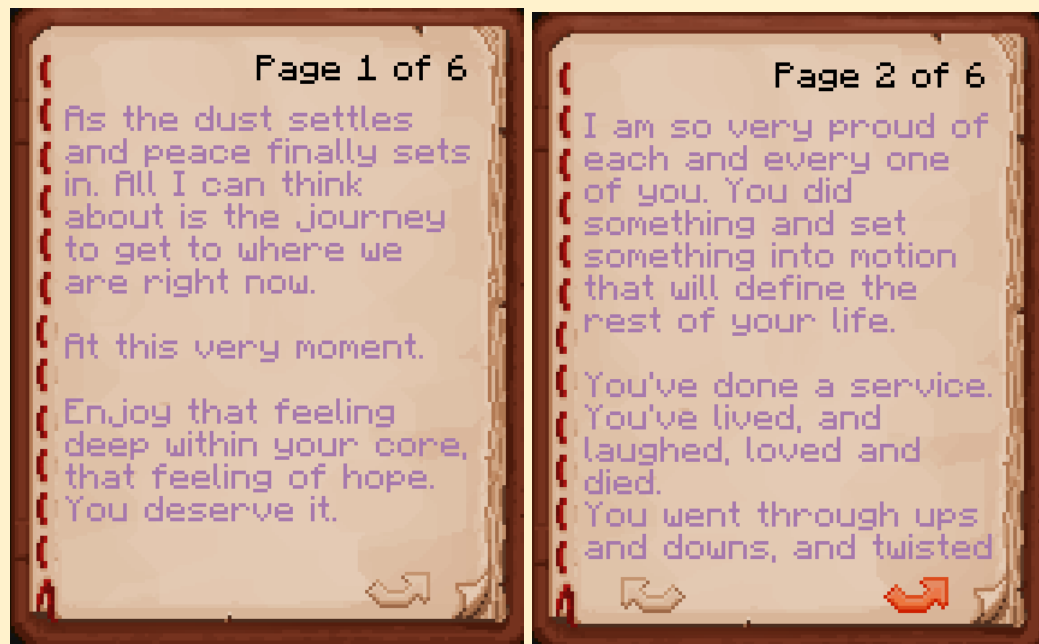

- The Void Summit members, plus Basement now, gather together at the Safe House in Sky's area
- Sky brings out Raguel's sword, Essie with Raguel's wings, they say their chances are slightly higher with these items
- Sky gives a speech, they had all been pulled from their own worlds for better or for worse, but they had found a camaraderie and friendships with each other, and how he couldn't have asked for a better group of people to have served with
- Bee says they are also glad to be fighting alongside everyone
- Before leaving to go into battle, they all put their hands in and when they raise their arms they cheer "Bake Sale"
- As they pass Whorse, Sky tells everyone to say hi to Whorse, and not bye as they will all be coming back, none of them will die
- They play road trip games as they approach a destroyed Spawn City.
- They stop to mourn the loss of some of the buildings before continuing on to the battlefield near the Void. Bee's property value is down, so is Bear's. Basement's place is fine, funnily enough.
- They arrive at the battlefield, where a massive tendril throne is, in front of the Void. The sky changes from day to night very quickly until it becomes eclipsed, and the sky turns red.
- Raguel gives a big evil speech to strike fear one last time.
- The world rumbles as a floating Magic School appears. The Void's Summit battles these undead clones of people once part of this world, dropping from the Magic School.
- While in the midst of battle, Bee, Macchi and Basement, all people who have made sacrifices to Raguel, become possessed, looking Raguel-like.
- Sky and Essie take on Macchi, trying to get Macchi to come back to them. They try giving Macchi a chorus fruit, and it seems to work. Macchi comes back.
- Bee takes on Bear and Eko, Bear pleads with Bee saying that this isn't them. He knows his friend wouldn't kill them again. Essie drops some chorus fruit, and Bee is knocked down, and held down until they are brought back.

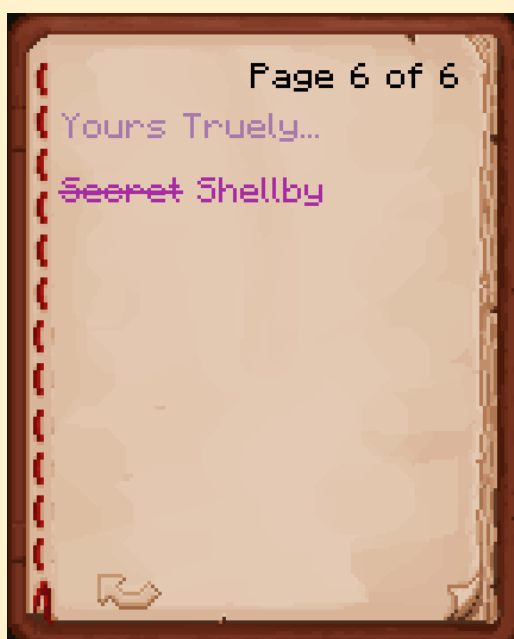

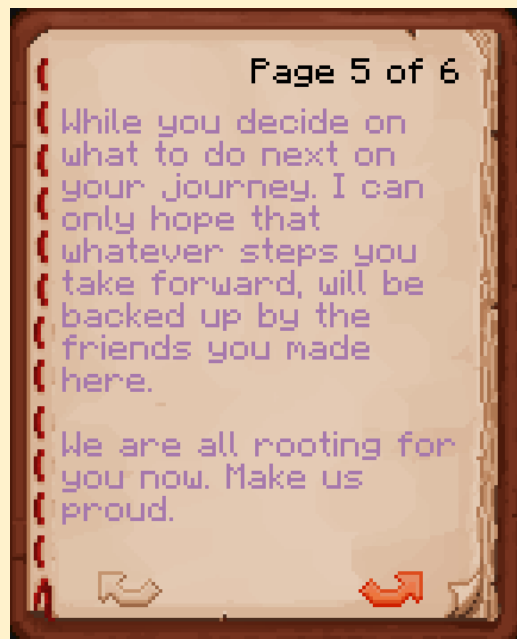

- Finally Basement is the last of them, they're all about to head back into battle when Basement runs up to them, Eko bringing attention to the last of the possessed. Bear shoots an arrow at them, knocking Basement down. They quickly give Basement the chorus fruit.
- Basement has a battle with Weezy, the last time the two interacted was when Weezy took a cannon life from Basement. Basement says, "Errrrm what the sigma?" The battle ends with Weezy retreating.
- Essie confronts Wispy and Valyria about their betrayal in the magic school. Essie threatens Valyria's life, Wispy does not care about the chaos and battle going on below.
- Wispy teleports the school to the End, where they continue their conversation, or Wispy attempts to. Essie says there has been enough talking, and a war is happening at this very moment.
- Wispy yaps about how Raguel hungers for chaos, while he hungers for knowledge, and to get that, he had to make some deals with Raguel.
- Wispy insults Essie's foolishness, but Essie said it's the courage for doing what's right, telling them they wouldn't understand that.
- Valyria offers salvation, Essie denies it. After more yapping, Essie lunges forward after talking doesn't work, ready to attack Wispy, but in a puff of smoke, Wispy and Valyria are gone, and Essie is back at the Magic School in the battlefield.
- While Bee battles the undead, Ty jumps down into the battlefield to confront who he once considered a friend. Bee pleads with Ty, telling him it's not too late, Ty looks like he is considering it, until Bee mentions taking down Raguel. Ty gets very angry.
- The battle comes to an end when Ty manages to strike down Bee, and they lie on the floor dying. Bee says he is sorry, Ty says he should be.
- Bee wakes up in a limbo again, different from the one he had already experienced when he lost his 2nd cannon life. They see a familiar face in the hallway, approaching it, realising it's Captain Starfinder, Bee's mentor. Bee asks them why they left, they say it was for the best, and desperate times called for desperate measures.
- While this is happening, Sky approaches Bee's dead body with a totem of undying in hand, begging Bee to wake up.
- Before continuing down the hallway in limbo, the doors open at the entrance with a tree imprinted on the door. Sky calls down the hallway for Bee.

- Starfinder bids Bee goodbye, but gets Bee to recite the oath from their home planet. Bee remembers it well. Starfinder then calls Bee Beekeeper, and tells Bee that they'll always be proud of them.
- There's a field that Bee enters, meeting Sky at it, half of the field decaying. The two nod to each other, before Sky is engulfed by the ground.
- Bee wakes up, the Void Summit surrounding Bee. Sky lays down to die, but before doing so, gives Bee Raguel's Sword. Bee thanks his friend, and gives his final farewell to him.
- While they all mourn for a moment, the battle coming to a startling halt, Essie gives Bee Raguel's wings.
- Mother Tree's roots encase the melon man.
- Bee steps forward, a new courage surging through them. He will no longer run from the entity that tormented him for so long. Raguel jumps down from their big tendril throne, demanding their loyal followers to leave them.
- Raguel and Bee insult each other, Bee saying to Raguel that they don't know what true friendship is, and never will. Raguel wraps a tendril around them, blocking off the rest of the battlefield. Bee and Raguel fight 1 on 1, the wings protecting Bee, and the sword actually dealing damage to the demon, which they are surprised by.
- Bee gets Raguel to the edge of the Void, when the sword is knocked out of their hands, but caught by Bear, who throws the sword and it bounces off of Raguel's eye in their mouth. Eko is next to catch, taking a swing, but the sword is knocked out with the tendrils. Mother Tree's roots fight back, holding back the tendrils. Essie catches the sword next, taking a swing. Next is Macchi. And finally Basement jumps up, feet knocking the sword out of Macchi's hand and onto Raguel, knocking the demon down into the Void.
- The tendrils try to save Raguel, but Mother Tree's Roots stop this from happening.
- The demon is dead, the Void Summit rejoiced, and are given a letter from Secret/Shellby.
- They mourn their fallen friend in the roots for a moment.
- The tendrils are grey and decayed.
- Heading back to Spawn City, Basement blows up the fish and frog Raguel statues to celebrate.
- They walk through a destroyed Spawn City, reminiscing.

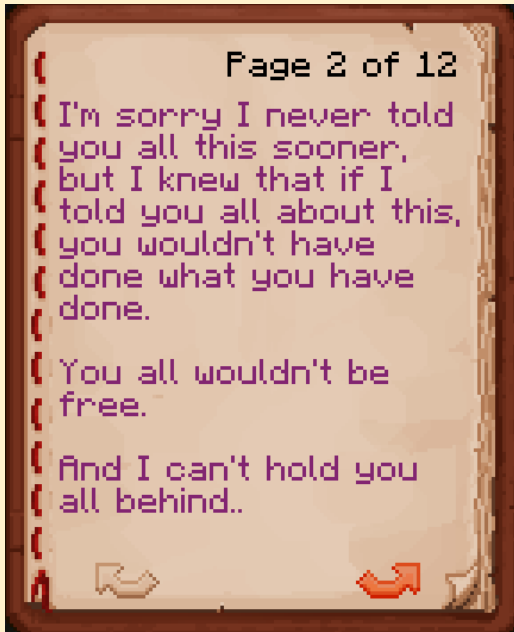

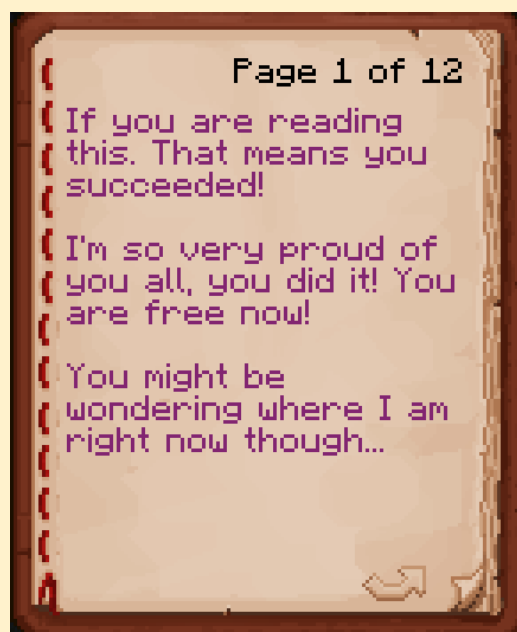

- They all say their farewells and go their separate ways, saying it was an honour to fight alongside them all. They now all have to figure out what they will do now, that they are free.
- Macchi, Essie and Bee go to Cousin's house to tell them the good news, but find a letter from Cousin/Cain. Cain's soul was linked to Raguel's, and so they were gone too.
- There is a statue, built in Sky's honour over where his body resides, still in the roots of Mother Tree.
- Bee returns back to their base to try to rebuild, with all their cats, once waiting at Mother Tree, following behind.
- Weezy returns to the sculk.
- Ty goes off, far far away in a boat.
- Essie returns to the End to Secret.
- Bear packs his things and leaves his house, off to relocate.
- Macchi sits by the water, unsure of what will become of them and the moss growing on them.
- Eko looks on at where his mail service building once was, packs their things. Maybe they will continue their mail service elsewhere.
- Basement goes around blowing up the remaining dead tendrils, happy to finally be blowing things up again, thriving even.
- The World of [Redacted]Craft was finally at peace.

SECRETS LETTER:

COUSINS LETTER:

Page 3 of 12

Raguel and I have a rich history together. When I was 'missing' all those times, it was really me trying to remember the memories ive forgotten..

And in those times, I realised a truth.

Page 4 of 12

Raguel and I are tied together, spritually bonded.

A side effect of the spell I tried to perform to bring the Raguel I once knew back...

But it backfired horribly, and turned me into what I am today.

Page 5 of 12

I lost memories of our past together.

I always wondered why Raguel never attempted to get rid of me. I think they sensed our spirit ties long before I found out.

You see, you kill one of us, the other dies as well.

Page 6 of 12

This is why I didn't want to tell you all the truth. I know you all cared a lot about me, but I care a lot about you all as well..

I couldn't let the tyranny continue with good conscious. I couldn't throw you all to the wolves.

Page 7 of 12

I've gone far into this world to die. But I won't be alone don't worry... I've got my kick ass tunes and my weed to pass the time...

And I have the magic of this world to guide me to the afterlife. A place I was very overdue from.

Page 8 of 12

I've left the Grim Reaper waiting long enough for me.

When I leave, I'll look up at the stars, and see how brightly they shine now that there's no shadows to cast over them.

I'll think of you all fondly.

Page 9 of 12

I hope I see **MY** Raguel again. I wonder what I will say to them when we meet.

Do angels and Demons even go to the afterlife? I'm not really sure.

I'd say that I'm sorry, sorry that they needed to save me, but I couldn't save them.

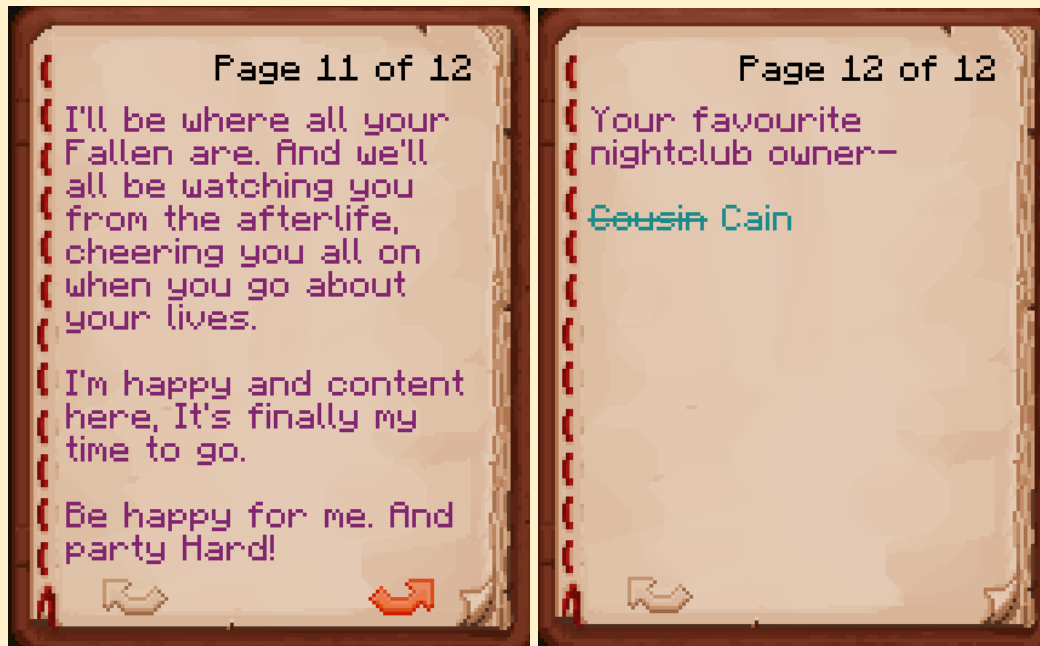

Page 10 of 12

To everyone reading this.

Thank you for helping us. Thank you for standing up for what was right. I know it was hard but I'm happy you are all very brave.

Mother Tree's roots have created a lovely coffin for me.

PLACE LORE:

Prominent Places in the Server and their Lore!

Colosseum:

Built by Essie Leolana at the very beginning of Redacted. The Colosseum is the focal point of Redacted, as it is the centre of the server. Most of the big events happen at the Colosseum.

Wispy School for Magical Studies:

Built in Wispy's settlement, the magic school is a joint project between Wispy and Essie. A Train station connects the magic school to the main area of the SMP. It was built to help teach safe use of magic and to explore the magics potential.

Club Adonis:

Club Adonis is Cousin's club, built under the Colosseum only those who are 18+ are allowed in.

Court House:

Built by Luna, it has seen two court cases in its lifetime. Most notable, the trial of Basement after he blew up the Among Us statues. Shortly after that trial, it was destroyed and remains in disrepair.

Prison:

Built by God!Shellby over an ocean in an unknown location. Whimsical_Bee being the former warden. It houses many jail cells prepped and ready for use. After prison break, it hasn't been used since, the top of the tower being blown up in retaliation.

Mother Tree:

A magical tree of unknown origin. According to Sky, he woke up in the colosseum with only a few seeds in his inventory. When he planted them, they grew into a tree that he recognised from his old world. It had the essence of his Mother Tree and so has named it such. Mother Tree is able to communicate with Sky but it is unknown whether they can communicate with other plant-like beings. They are able to see and hear events around the server using they're massive system of roots and they're magic may be the key to stopping God once and for all. For now, their protective aura houses Secret, and Sky has been made responsible for Mother Tree's safety.

Sky's Base:

What once started as a humble bakery has grown into much more. Upon entering the world of [REDACTED], Crow had very peaceful intentions, choosing to create a bakery to provide food for the people of [REDACTED]. However, as tensions have risen and times have become more desperate, more has been added.

Mother Tree was one of the first additions to the base, having been planted from a sapling that Crow joined the world with.

Following that, we have the giant among us statue that was gifted to Crow from

Essie following the loss of the original among us statue. This sits right outside the bakery and watches over everything.

Next, we have the bee dome. A project that was long in the making, Crow began building this to house bees that he could then use to sell honey and honeycomb. Unfortunately, shortly after it's completion, an eternal night was cast upon the land and so the bees have never been seen since.

The most prominent feature of the base is the void that appeared suddenly one day in the middle of a lake not far from the bakery. It seems to hold similar properties as the original lake, most notably being invisible from God.

Beside the void, there is the frog sanctuary. Containing every variation of frog all named after various markiplier egos. This was built specifically to prevent the frogs from falling into the void (and yet we still lost Yancy).

Within this same area is Bee's shitshack. This was hastily built mere moments before Battle Nexus 3 to provide shelter for Bee once they were rescued. It has been slightly expanded and remodelled by Bee since moving in.

The base's most identifiable feature is the looming deepslate wall that surrounds the area. Crow began building it when he became paranoid that something bad would happen to Mother Tree or Bee. He needed to make sure that they were safe so he built a physical wall to contain them in. Since its completion, it has been blessed by Mother Tree to create a magical barrier. This prevents God from entering the area and keeps all those inside it safe.

Across from the shitshack is Cousin's house. I don't know where this came from. I didn't build it.

Finally we have Skylar's MASSIVE STRIP MINE THAT SPANS SEVERAL CHUNKS AND KEEPS LEAKING IMPORTANT LORE SECRETS BECAUSE I KEEP DIGGING INTO THEM LIKE I GENUINELY DON'T KNOW HOW THIS KEEPS HAPPENING.

Void:

Created in a lake by Secret as a way for people to escape the gaze of God!Shellby. It was found by Rune on day one, Rune has set up residence there. The lake has since dried up, a lot of stuff littering the land, such as; Black Tendrils, Black skulls,

soul sand, a crater where Rune's base used to be. A floating island has also been built in the void, with a portal to the nether sitting on top.

Spawn City:

The area where the Colosseum and the building surrounding it are.

Sugar Rush:

Shellboutique:

First shop at spawn city, was a place that sold clothing; (coloured leather armour) in many different styles. Was blown up by an unknown entity when Battle Nexus 2 happened, it is now overgrown with weeds and trees, the remains still sitting in spawn city.

Bee's Weed Emporium:

Located next to the colosseum with a small anti-family friendly streamer wall surrounding it. Bee just sells a lotta weed and earns a lotta dollarydoos from it. Their best customer is Cousin. Bee's weed is provided to Cousin's club, Club Adonis. Weed was also provided on the Magic School orientation day. Competitor to the Drug Depo. **BEE'S WEED EMPORIUM IS THE BEST DRUG STORE**

Valyria's Tavern:

A tavern that opened not that long after the Club opening, This is a guild trading hall, a place where adventurers take on tasks in return for currency and beer. This is also the place where Cousin showed up and drank too much, inciting Bimsical to destroy the eyes.

Church of Shellby:

Praise God!Shellby

Envy's Mail Service:

Bhimsical's Beef and Other Essentials/Bhimsical Crater

So one day, Bhimsical decided to make a legacy, by stealing everyone's cows and killing them but leaving one behind in each farm. Bhimsical would also steal everyone's cobblestone and other items to resell them. Truly a business person with a big brain. Then it got blown up by Bear because Bhimsical stole Robeart (his fish) and threatened to blow up Bear's house.

Mini Void

A smaller void created within Sky's base, where Bee resided in Post Prison break, in order to hide away from God Shellbys Gaze. Shit Shack is located here.

WaterSpoons

A wonderful establishment built and run by Crow and Cosmo. It serves high quality food and drinks for a great price! Perfect for a quick meal or a couple of pitchers before heading over to Club Adonis. (Food poisoning DEFINITELY included.)

Bee♥♥♥:

- Bee is an alien with bee-like features, with a brain the size of a pistachio (NO THIS DOES NOT MEAN THEY ARE STUPID)
- Bee has bees (the chat) buzzing in their brain
- Came from YesSMP with Basement, pulled from the ruins of the server that Basement destroyed
- Basement, in what at first was meant to be a harmless prank to blow up the church of Beesus, blew up the whole YesSMP, killing Bee's wife, Berry, along with it
- Despite the fact of all this happening, Bee remains friends with Basement, afraid of being alone, and Bee seemingly for a while forgets about the trauma of YesSMP
- At first, Bee tries to be friends and allies with everyone, calling themselves God's best follower at one point
- Bee opened up a cat cafe to hang out with friends as they feel the times are changing, but they want to keep their friends close
- Bee becomes close with their neighbor Stella, and becomes close with Gabe
- Bee and Envy used to be pen pals when Bee was a young alien (Bee did this by sending a letter to a random planet, Envy responded back)
- When Basement has the court trial about destroying the Among Us statue, Bee shows up as a witness against Basement, which deterred their friendship
- Bee didn't always look so alien-like, this is due to their adaptational skills

- Basement and Bee have a small squabble since Basement destroyed a small part of Stella's base. Out of anger, Basement blows up Bee's hut which was there since day 1. Basement helps fix the terrain and Gabe builds a new cottage for Bee, which was inspired by the same building that inspired Bee's YesSMP home
- Shellby destroyed Bee's giant bee for disobeying god, for refusing to get back at Basement. This starts conflicting feelings inside of Bee about God. Bee now has more trauma surrounding TNT, and old wounds have reopened
- When Bee notices that Stella isn't around and is missing, Bee is starting to get small reminders of somebody else they used to know, and how they aren't around anymore
- Bee gets sentenced to prison after questioning God

Bhimsical_Wee♡♡♡:

- The opposite of Bee in certain aspects, more courageous, loves TNT, chaos and destruction
- Likes beating people up
- Finds fun in creating chaos but has a dislike for God and only lives for good chaos that doesn't put people who do not deserve it in harm's way (AKA anything muder-y)

- Beesties with Cousin (became friends after blowing up God's eyes), Weezy (who promised to get Bee back up to the stars), and Bigdurger (helped with the spaceship)
- Just an alien that that wants to go back up to the stars again (home)
- A criminal on their home planet so they left as a fugitive, and landed on [Redacted]
- Not many people take liking to Bhimsical because of their habit of stealing
- They stole everyone's beef and killed everyone's cows and set up a shop called Bhimsical's Beef and Other Essentials, also stealing cobblestone to sell there
- Bear blew up Bhimsical's Beef in retaliation of them stealing Robeart (the fish Bee gave him), and leaving TNT in Bear's house
- All canonical deaths: God killed Wee after they blew up God's eyes with Cousin, Bear killed Wee in retaliation of stealing Robeart (fish) and leaving TNT in their house, Sky killed Wee after Wee took Sky's Whore (horse) in the hope of getting diamonds
- Worked on a spaceship before death (it was almost complete)

Luna:

Data not found / where are they?

Wispy:

- When God opened and brought forth people to their world, Wispy was a mere fragment of a soul shot out into creation at large and was sucked in like a black hole to Redacted
- Losing their memories and sense of self Wispy, incorporeal and confused, watched others move about the land and grew curious
- Through Curiosity and many failed attempts, Wispy finally achieved Corporerallness in a cold snowy land
- After gaining the ability to be corporeal, Wispy sent letters to those he watched and thanked them and called them friends
- Enjoying the new sensations, Wispy built a small home in the snowy land and began to seek out the many wonders and mysteries of being corporeal
- Having spent some time secluded, Wispy sensed something had come into the world that he could not explain and so sought it out which led him to discover Magic
- Having realised the potential danger such things could bring to his new friends, Wispy with the help of Essie and a few others created the Wispy School for Magical Studies
- Around the time of the Schools founding, Wispy got a job at Sugar Rush
- After some time of being the Principal, Wispy had dreams telling him of a ritual which would grant great power and clarity. Upon completion the magic was stored in a pearl like orb and lost memories was returned
- After regaining himself, he felt disgusted at his amnesiac life as Wispy but decided to play pretend as that is the best thing to do moving forward as they fix things and continue their life's purpose
- Wispy and God Shellby made a deal and entered a secret partnership of sorts which results in mutual help behind the scenes
- Whilst working a shift at sugar rush, the magic pearl was lost accidentally without Wispy's knowledge which resulted in a months long search for magic sources
- The Labyrinth was constructed to house Wispy's Experiments

- Wispy received an invitation to the opening of cousin's night club and decided to take a break there but soon discovered it was a cover for the formation of an underground group against god which he was nominated leader of
- Using their position, Wispy decided to play both sides for their benefit

Macchi ♥♥♥ :

- Macchi was present on the first day of Redacted and chose to leave the Colosseum with Emi.
- Emi was given a map by Shellby showing the location of a distant Mesa biome.
- After a long few days Emi and Macchi made it to the Mesa and set up home base. This included a hidden piston door, mini pier and multiple farms.
- Even though Emi was content in the Mesa, trading and sending letters to other server members, Macchi had heard rumors of a large pit leading to the void in a lake closer to the Colosseum.
- Macchi also noticed a creeping growth of moss on their left leg that wouldn't go away.

- Out of curiosity about the lake and wanting to find out more about the moss, Macchi set off from the Mesa.
- After camping near Rune's place for a while, Macchi built themselves a new house in the oak forest next to the lake.
- Alongside Rune, Macchi learnt that God could not see the void pit inside the lake and thought everything nearby looked entirely normal.
- Macchi helped and observed other experiments of Rune's involving quizzing God on the surrounding area and testing the properties of the void.
- A small platform appeared on the side of the lake with a letter signed by "Secret".
- Macchi helped investigate the matter but never reached any solid conclusions.
- Later on in a heartless act to gain a shulker and elytra, Macchi sacrificed two of their pet dogs.
- The moss kept spreading and now covered Macchi's left leg up to the hip, and had started spreading to the right one too.

Sky (TinyCrowSon):

(Legendary art by the one and only Whimsical Underscore Bee oooooohhh very nice)

- Sentient WaterMelon
- He originates from a world full of living plants of varying degrees of sentience. Sky was gifted the ability to move, talk, and think. This is because he is the Crown prince of his world.
- He was chosen by Mother Tree to be the heir to the throne.
- He was raised by a tree older than he will ever know who taught him valuable life lessons. He referred to this tree as 'Mother Tree'. As a plant, he has no parents of his own, biologically, but Mother Tree is a parental figure for him.
- Runs a small bakery with his dog, Jurgen, and his employee, Reginald.
- Won the second Battle Nexus and, as a result, was gifted a pair of wings. This suspiciously resembles the wings he had in his old world but lost when he came to [REDACTED]. He also gained an extra canon life giving him 4 in total.
- Responsible for the safety and protection of R!Mother Tree, the version of Mother Tree that was grown from some seeds found in Sky's inventory.
- He is co-leader of the Void Summit with Wispy and Luna.

- Fearing for the safety of Mother Tree and Bee, he built a wall around his base that Mother Tree has used her magic to protect.
- Following a confrontation with God, he lost his first canon life and now has three remaining.
- He has begun to forget about the world that he came from.
- Following a confrontation with The God Squad, Sky was killed by a Whimsical_Bee clone and lost his second canon life. He now has 2 remaining.

Bear (Digburger):

Bear ♥♥♥

Known as the “Drunk of REDACTED”, he spends most of his time in his home if he isn't out stealing alcohol or other items for fun. He has yet to be caught or punished for it.

Pre Summoning

Not much is known about pre summoning Bear. Due to being secluded in the forest away from the main city, Bear rarely has a chance to talk to any of the members of REDACTED. Even being described as an “awkward drunk” by his closest neighbor, Bee.

Before being summoned to REDACTED, Bear lived a calm life in the mountains with his dog, Poppy. He often helped his neighboring village

where he adopted the canine. Even in his past land, he was secluded. Bear was dependent on his dog mentally, leading to disaster upon its death.

Poppy's Death

Guilt overcoming Bear, he takes to the drink to forget about a death that wasn't his fault. Days at the village turn to nights passed out at the pub in a slurry of booze, drool and tears. Eventually being banned from the pub, Bear takes desperate measures and creates his own farm to create all sorts of booze to drown himself in.

Alcohol poisoning and the questionable methods of creating his own booze lead Bear to suffer an unknown memory issue which caused him to slowly forget details of Poppy. Death, image, sound... it all faded overtime. This caused Bear to suffer even more. He couldn't remember how Poppy died anymore and blamed himself even more than before.

Bear leapt. Conveniently, living on a cliff gives you a good out when you need it.

Black. He could feel time, but all he could process was pure void. He felt like he was living inside the empty spots in his memory.

He awoke in the colosseum, after what felt like an hour in pure black.

REDACTED

After the darkness, Bear awakes in the colosseum. At first he thinks he is dead, only to realize he is very much still alive. Alive and sober. The ringing in his ears drives him to seek solemnity in the woods away from the hustle and bustle of the inner city. This is where he stumbles upon the land he

builds his new home in. Opting for a log cabin over his previous rustic stone and plank home.

“Luckily”, this new land does not lack alcohol. Bear stumbles into the drink once more, still suffering over his loss.

Robeart

Despite the muddy relationship between Bear and his neighbor, Bee, they do sometimes chat. This leads to Bee giving Bear something to look after and maybe keep him distracted from the drink. This is a fish he names Robeart. Bear builds an outside aquarium for Robeart.

Follower of God

Bear does not accomplish much during his time in the lands of REDACTED, but he is recruited to the followers of god and is gifted strong armor to defend himself. God seeks more powerful people. Bear does not know much about God, nor at the moment cares. He is just happy to be noticed and given some sick ass gear.

Love Thy Neighbor

Bear is tasked with spying on Bee as God suspects Bee is suspicious and perhaps a traitor to God. While he is confused, he is happy to do the job. Staking out inside and around Bee’s house multiple times undetected.

Bhimsical and Robeart

During Bhimsical's thieving tirade, they steal Robeart from his aquarium and post a ransom in Bear's mailbox. Bear makes his way to "Bhimsical's Beef and Other Essentials" to deal with the problem.

Upon arriving at the dirt shack, Bear faces Bhimsical inside the establishment. He swipes Robeart from the chest Bhimsical kept him in. Bhimsical neglected the fact that the chest was easily accessible and Bear ran out the shack with Robeart. Bhimsical makes chase but Bear stops not far from the front door and turns to face Bhimsical. Without a care for their canon lives, Bear swings his axe twice; killing Bhimsical almost instantly. This takes one of Bhimsicals lives.

Disgruntled and paranoid, he heads home and destroys his aquarium. Choosing to store Robeart somewhere safer.

Bhimsical's Threat

Bhimsical leaves TNT inside of Bear's house as a threat for taking one of their canon lives.

Bear's Retaliation

Upon Bear's return to his house, he discovers the TNT lining the inside of his home. Thanking the star's that it wasn't ignited. He waits for a moment before realizing who it was. There's no one else Bear has feud with and he charges his way to Bhimsical's Beef and Other Essentials.

Repurposing the same TNT from his house, he lights and watches as the TNT charges.

BOOM. Bhimsicals Beef and Other Essentials is no longer. Now a Crater.

Battle Nexus 3

Barely making it to the event, with a lack of sleep and an under-confident team member(Macchi); Bear and Macchi sweep the 2 v 2 rounds against Weezy and Sky(Former Nexus Champion).

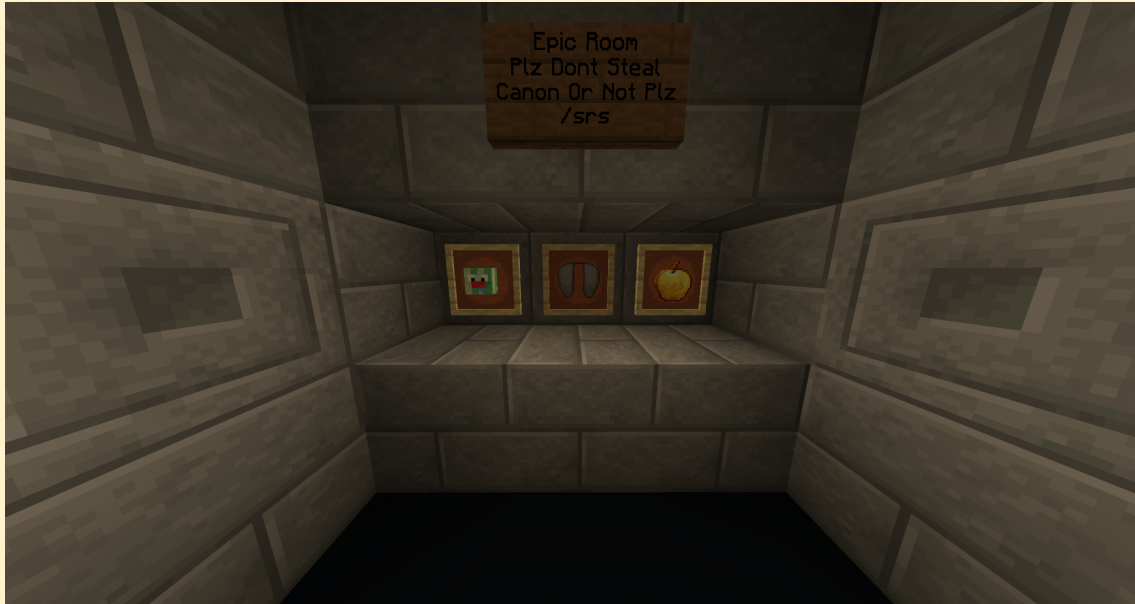

Leaving Macchi and Bear to duke it out to decide the overall winner for the first round... Bear takes the win.

During the traditional display of the Battle Nexus format, Bear duels it out, coming out as the lead for the final round.

This leaves the final free-for-all where Bear, Weezy, Sky and Macchi fight to be the winner of Battle Nexus 3. Bear coming out victorious without dying a single time the whole Nexus.

Bear was given an elytra, golden apple directly from GOD and a mending book for the elytra. The mending book was given to Macchi as a commendation for their teamwork and for Macchi coming in second.

Bear builds a trophy room to store his winnings.

Head of the Fallen Champion, The Elytra, An Apple From God

An Argument with a Friend

After Battle Nexus 3 had been found out as a distraction to give time for a team to free Bee from prison, Bear lies low.

Some time after, Bear is given a letter from Bee to meet in a field of poppies as they must discuss God.

Bee argues that God cannot be trusted and isn't what they seem. Bear,

being scared of punishment and just generally ignorant of Bee's situation, accuses Bee of trying to get him in trouble, and that Bee must have done something wrong to be criminally punished in an almost lawless land. Bear gets too spooked by the situation and decides to leave before he is found out.

Bee was unable to get their point across, along with being accused of their sentence being deserved, they snap and charge at Bear. Killing him. Instantly regretting what they had done.

No One's Home Sweet Home

Awaking in his bed with incredible pains in his chest, he immediately understands what happened. Unable to properly process his emotions in the moment, he boards up his house and takes what he only immediately needs.

Finding a small crevasse connected to a cave under a hill, he sets up camp to hide away while he deals with what happened.

This little campsite is(unknowingly to Bear) right near Mother Tree, and subsequently... near Bee. The two are closer to each other than they realise.

Bee, Bear, Ty and Cousin

Bear stumbles upon Bee, Ty and Cousin and decides to join them.

It is mainly just silly antics and chatting, but it is revealed to Bear by Cousin that his armour trim is basically branded.

Also that he should be wary of it and what it might mean for him in reference to GODs view of him.

For context: The trim was seemingly applied one night while Bear was asleep. It doesn't seem to grant him any additional strength or powers.

HeisenBearg ???

HeisenBearg was another godlike entity on the server, Unlike some godlikes and most mortals, HeisenBearg did not care for politics or drama. Instead choosing to build a drug empire in the lawless land. From Crystal to Opioids, HeisenBearg supplied most of what a gas station tweaker could ever want.

The Resemblance to Bear

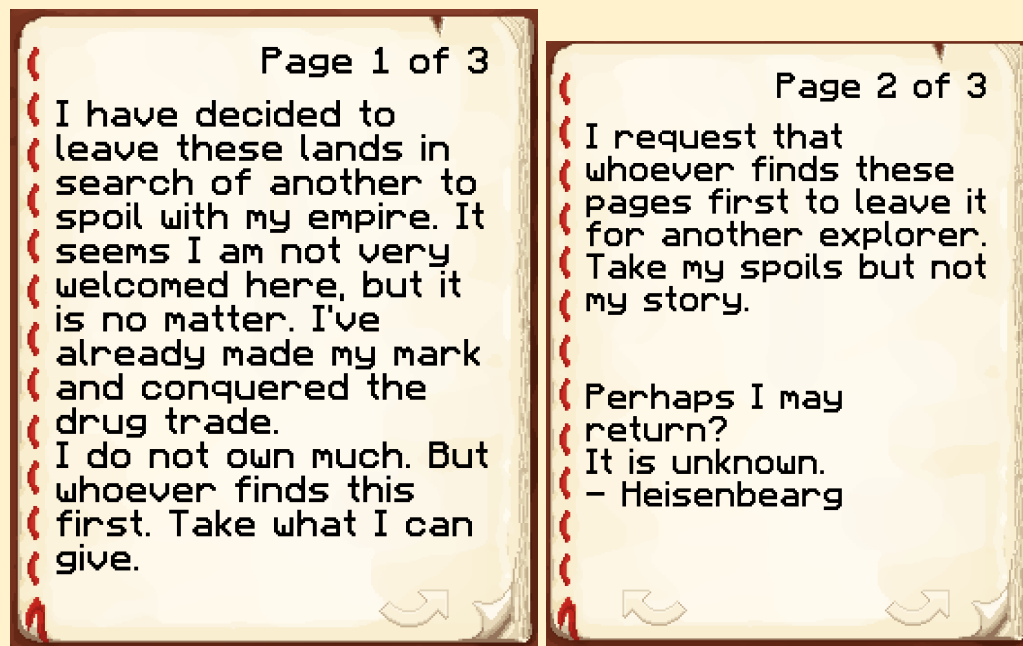

Upon their arrival, HeisenBearg chose a random mortal to use as a form. This explains the resemblance to Bear. They are not the same person. As a thanks to Bear for allowing them to use his form, Bear will take charge of the Drug Depot if anything happens to HeisenBearg.

HeisenBearg and Bee

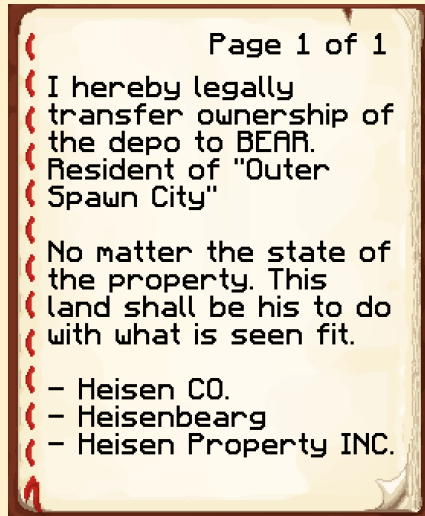

Bee and Cousin used to be the reigning druglords of REDACTED, but with Bee's imprisonment and HeisenBears uncanny desire to expand, they quickly took over as the drug kingpin of REDACTED.

The Depo Ruins and the Deed

Seemingly just disappearing from the lands, Heisenbearg leaves the depo to rot. Leaving a message inside for any curious explorers to find.

This outcome causes an automated mail letter to be delivered to Bear's residence. A deed, passing over the ownership of the land from Heisenbearg to him.

This is where this story seems to end.

Big Durger ♥♥

Origins unknown, no memory of any life Pre-REDACTED... Not that he really cares. Big Durger is an absolute unit of shitpost turned joe lore. Known to be everyone's favourite character despite Bee's "Main Character" status.

V1

V2

Bhimsical_Wee

Big Durger came around the same time as Wee did. Forming a bond with them and contributing to the building of the spaceship.

It's unclear how much Wee actually enjoyed Big Durger's presence. But Big Durger was clearly interested in being close with Wee and saw them as good

friends.

Bhimsical_Wee's Death

Unable to do anything about it, Big Durger watches as Wee is thrown into a ravine to die. While they might have deserved it... that was his friend.

Big Durger is unable to properly cope with the loss of his only friend and decides to take up refuge in Wee's "secret" hideout. He eventually collects himself enough to build a gravestone for Wee. This gravestone was vandalised with "Thank God it's finally gone" written on the sign under their name.

Meeting Bee

While scouting Bear's home to rob, Big Durger meets Bee in disguise when they attempted to drop off a letter to Bear.

The two hang out and eventually visit the grave of Bhimsical. This is when he discovers the vandalism mentioned earlier. Bee is eventually scared away by God back to their shack

Meeting Bee PT2

Stumbling upon the shit shack, Big Durger finds Bee again. This is when it is revealed that the person from yesterday was Bee. The two hang out and Big Durger builds a roof on the shitshack to make it more appealing. Cousin also shows up, and the three eventually head out for another trip.

Big Durger is distracted with booze while Bee and Cousin discuss down in the deeper rooms of The Nightclub.

When they return, Bee and Big Durger fish and discuss their problems. Big Durger opens up about Wee, while Bee seeks advice about coping.

Big Durger explains how Bee still has a chance to fix the quarrel between them and Bear, citing that they still have a chance to bring back their friend and fix everything while Big Durger [does not](#).

The Nightmare

Big Durger suffers a nightmare about Wee and his lack of time to process and cope with what he saw and what he is going through.

Moving On

Big Durger invites Bee over to where they first met each other (Bear's Home).

Big Durger asks Bee to lead him to the tavern so they could chat. Along the way, Big Durger talks about Bhim and also how he's gotten stronger and smarter in his months away from the "public eye".

Upon reaching The Tavern, Big Durger tells Bee about his belief in *balance*. Big Durger explains that he believes that he was made to be Bhims balance, that Bhims negativity can be fixed in the *balance* by his good deeds. He uses this belief to make a gift for Bee.

Big Durger takes Bee over to Bhims Crater(Bhims Beef and other Essentials). Within the ruins is a hidden 1 time use escape tunnel, Big Durger explains that he believes that using parts of the negativity Bhim brought into the world(BBaoE and all the misdeeds that went down there) he can further fix the balance by offsetting that left over energy still present in the ruins of the negativity.

The escape tunnel, as said: is a 1 time use tunnel layered with Obsidian and auto dispenses speed boost potions for a quick escape.

The circuitry is wired up to break the button used to activate it, then it closes the entry back up and finally just to make sure its hidden, breaks the circuit powering the button, so the button cant just be placed down again.

After explaining his gift, Big Durger tells Bee he is leaving and going to find distant lands that might need help with its balance. Big Durger seems confident that he will be able to make it away. They then make their way down the hill into Big Durgers home.

Big Durger gives Bee access to whatever is left in his chest. He doesnt need it anymore. Big Durger also gives Bee a copy of his journal.

They embrace in a hug, say their "goodbyes and stay safes" and Big Durger heads off onto his new life.

Bee reads Big Durgers journal, which just further explains Big Durgers thought process. It is unsure if Big Durger made it out of the lands of REDACTED safely.

This is where this story seems to end. Viva Blue Boi
