We welcome you to the Salida and BV Pickleball/Tennis courts!

General rules that we use to ensure that all players have a good time:

Use common sense and courtesy. If you see new or unfamiliar people, introduce yourself and welcome them to the courts. Please read our court guidelines.

Novice players: if you don't have enough players for a game, use the time to practice skills. Often, more advanced players will be happy to join you for a game or two, but most people have the most fun when playing with players at the same skill level. Work to improve your skills so that you can play in an upper-level game without disrupting the flow of play.

Fees: On our outdoor BV courts, the BV Rec requires a $3 fee. Indoor fees, $5 at DPCA and $5 at the Fairgrounds for members and $10 for non-members, are mandatory to cover the cost of building rental at all indoor facilities.

Centennial Courts:

Set up and take down: If you arrive and need a net, peak to peak members may get one from the shed and set it up. When you are ready to leave for the day, look (or ask) to see if your net will be used by other players. If not, then take the net down and put it in the shed. When taking down nets, leave the net posts in the net, fold the net in half twice, and roll it up. If you need help, ask other players for assistance. Return club balls to the buckets.

The best time for arranged play is in the afternoon or evening, rather than during morning Open Play.

Playing Up and Playing Down – Read the posted "Tips for Playing Up" and "Tips for Playing Down" and use common sense and courtesy. If you'd like to play in games with higher-level players, then take the time to practice, drill, and improve your skills.

The tennis club has court priority in April and May. September and October on Mondays/Wednesdays between 0900-1100. Non-priority players must relinquish the courts to priority players if there is a need for court space. On shared/unassigned times, half of the court must be relinquished if tennis players arrive at the courts.

Buena Vista River Park Courts:

Court supervisors will help you get into games during Open Play on Monday, Wednesday, and Friday mornings. At other times, you can bring a group for Arranged Play. If the courts are full during non-Open Play hours, use the Paddle Saddles hanging on the fence to rotate in with your group.

Have fun! Do your part to make sure that the other players on the courts are also having fun! Remember that pickleball is only a game and that we are all here to have a good time.

Please remember to pay your court fee. BV and Salida are small communities and we want to support our Recreation Departments!
