A cat worth more than a bike ???!!!
(Kucing lebih mahal dari motor ???!!!)

I suggest you continue reading ONLY IF you understand quality and value.
(Disarankan untuk lanjut baca KHUSUS untuk yang mengerti kualitas dan nilai,

Too many people ask, “ Why would anyone buy a cat for that high of a price ?”
(Banyak banget orang nanya, “ Ngapain sih beli kucing mahal banget begitu ? “)

“How different can a cat be? It’s just a cat.”
(“Bisa sebeda apa sih? Kucing kucing juga.”

There are COUNTLESS answers for that
(“Banyak BANGET jawaban buat pertanyaan macam ini.)

And no it is not for flexing purposes since it’ll be a hustle to display it publicly.
(Dan jawabannya bukan buat pamer, ribet juga tuh bawa bawa keluar.)

Also not because it can clean your place...
(Bukan juga karena bisa bantu berberes rumah...)

And no, it is not because it can work and make money for you... or can it ?? Well that MIGHT be a talk for another day.
(“Bukan juga bisa disuruh kerja untuk nyari duit... eh apa bisa ya ?? Itu mungkin bisa jadi topic pembicaraan kita di kemudian hari.)

I’ll give you some reasons the benefits you SPIRITUALLY

- Having a companion, makes you not rely on humans for accompany purposes who might just want to get something out of you.
(Jadi ada temen, bikin kita ga bergantung sama manusia yang mungkin cuman mau manfaatin kita.
- It’s always nice to take care of a living thing, try feeding any animal and I guarantee you’ll feel much better.
(Emang selalu enak rasanya peduli sama sesuatu, coba deh sesekali kasih makan binatang pasti rasanya enak dan bikin pikiran lega.)

The reason why it is expensive is because it is exclusive. It is a really rare breed of cat and we have the certificates and track records to prove it’s authenticity.
Back to the point when I mentioned it might be able to make you money you have to **AT LEAST....**
