Math Resource for eLearning

Dear parents:

Our school district licenses a stem program called **EquatIO**, a toolbar with several input methods that help students create, solve, and express math.

It looks like this:

- Watch this short video to learn how **EquatIO** works.
- Below are some easy ways your learners can benefit from Equatio.
- Click on the short video links to learn how they can use the tools to
 learn independently. Click this icon at the top of Chrome to begin

lcon	What Is It?	Video Link
Σ]	Equation Editor	Click Here To Learn More
⊕	Graph Editor	Click Here To Learn More
€ A	Handwriting Recognition	Click Here To Learn More
•	Speech Input	Click Here To Learn More
	EquatIO Mobile	Click Here To Learn More
	Insert Mathspace	Click Here To Learn More
	Screenshot Reader	Click Here To Learn More
