

Math Resource for eLearning

Dear parents:

Our school district licenses a stem program called **EquatIO**, a toolbar with several input methods that help students create, solve, and express math.

It looks like this:

- Watch [this short video](#) to learn how **EquatIO** works.
- Below are some easy ways your learners can benefit from **EquatIO**.
- Click on the short video links to learn how they can use the tools to learn independently. Click this icon at the top of Chrome to begin →

Icon	What Is It?	Video Link
	Equation Editor	Click Here To Learn More
	Graph Editor	Click Here To Learn More
	Handwriting Recognition	Click Here To Learn More
	Speech Input	Click Here To Learn More
	EquatIO Mobile	Click Here To Learn More
	Insert Mathspace	Click Here To Learn More
	Screenshot Reader	Click Here To Learn More

To learn more, check out these **EquatIO** resources:
