

THRIVE Revised Action Plan Template

Chapter:

Date:

This document is intended to be used as a template for chapters completing the action plan phase of the THRIVE! Program. It provides guidance for identifying SMART goals that addresses expectations outlined in the THRIVE! Program. OFSL encourages each chapter to **complete one goal for each priority area**, however chapters should complete **three to five goals total at minimum**.

What is THRIVE! Revised Action Plan?

1. The third written phase of the Elevation Program is the Action Plan Revision phase.
 - a. At the beginning of the second semester, the chapter has the opportunity to submit any revisions to the action plan submitted in the previous semester. These revisions should take into consideration the chapter's updated plans, as well as modifications related to any learning or changes in chapter culture/behavior throughout the previous semester.
2. If the chapter does not wish to revise their action plan, they can submit their original action plan with a short reflection on why the action plan was not revised using the provided template.

Revised Action Plan Instructions: You've utilized your action plan for a semester – is it working? Do you want to change anything? Tell us about it! Chapter action plan revisions are worth **20 points**.

- *Documentation includes a summary of the action plan revisions using the provided chapter action plan revision template that must be uploaded using the [Action Plan Revision Upload Form](#).*

This template contains space for seven chapter-goals, ideally one for every priority area that your chapter sets goals for during the action plan phase. However, chapters can add additional goals for areas not previously addressed or remove goals previously created.

As a reminder, the seven priority areas are:

1. Chapter Management
2. Academic Achievement
3. Harm Reduction
4. Community Service & Philanthropy
5. Membership Development
6. Recruitment/Intake and New Member Education
7. External Relations

Overview of Priority Areas Plan Revisions	
1 A	Will you be revising any of your goals? If yes, identify below which of your goals you are revising.
	<i>[Write response here]</i>
	Additional Instructions: • If yes, proceed to question two (and skip question 1b).
1 B	If you answered “no” to question one, please discuss why you feel your current action plan is still appropriate for your chapter.
	<i>[Only required for chapters not revising their action plans]</i>

Goal One Revisions: Click here to select priority area	
Goal 1: <i>[write goal as it appears in the chapters action plan apart with details about how/if the goal is being revised]</i> For consideration: • What, if anything, will change about this goal? • Remember to address the specifics of this goal including the timeline, who is responsible for its implementation, and how you will know if you’ve achieved success.	
G 1	<i>[Write response here]</i>

Goal Two Revisions: Click here to select priority area	
Goal 2: <i>[write goal as it appears in the chapters action plan apart with details about how/if the goal is being revised]</i> For consideration: • What, if anything, will change about this goal? • Remember to address the specifics of this goal including the timeline, who is responsible for its implementation, and how you will know if you’ve achieved success.	
G 2	<i>[Write response here]</i>

Goal Three Revisions: Click here to select priority area	
Goal 3: <i>[write goal as it appears in the chapters action plan apart with details about how/if the goal is being revised]</i> For consideration: • What, if anything, will change about this goal? • Remember to address the specifics of this goal including the timeline, who is responsible for its implementation, and how you will know if you’ve achieved success.	
G 3	<i>[Write response here]</i>
