Read the following passage carefully

On Saturday mornings' I help at local library. There are various jobs for volunteers. You can take books to the homes of disabled or elderly people who can't get to the library. You can also help children with their homework. And my favourite thing is my little reading group. I read stories and poems to young children. You can see from the look on their faces that they love it and I really enjoy **that**“**Rosa** “

There always seems to be a big natural disaster somewhere in the world. If it isn't an earthquake, it's a flood or a hurricane. Well, I can't go and help, but there is something else I can do. I belong to an organization which sends help to people who are in danger. **It** collects money to buy things that the disaster victims need to survive- things like food and medicine. After **that** volunteers like me pack everything into boxes ready to send. At Eid Al-Fiter, we also sent boxes of toys for children in Africa. And that was nice. It feels right to give to people who have very little.“**Hassan**”
