

Week 3: Living For What Matters

😊 Ice Breaker(s):

- If you could travel back in time and relive one moment, what would it be?
- What was the faith of your family of origin, and how did this influence your own faith?

📖 Read: 2 Timothy 1:4-5; 2 Timothy 4:6-8; Deuteronomy 6:5-9

? Ask:

- Paul writes about the genuine faith that was passed from grandmother Louis to mother Eunice to Timothy. How have you seen faith passed down through generations in your own family or community?
- What specific aspects of your faith would you most want to pass on to future generations?
- If you weren't part of a family with a legacy of faith in Jesus, how are you building your own spiritual family around you?
- If you are raising kids now, how does this message inspire you to influence your kids to have a faithful, passionate faith in Jesus?
- How do you reconcile the desire to pass on a faith legacy with the fact that kids make their own choices, including choices about their own faith?
- The pastors discussed how true generosity becomes a legacy that outlives us. What does sacrificial generosity look like in your context, and how might it impact future generations? What holds you back from being more generous, and how might you overcome those barriers?

- According to Psalm 145:4, each generation should tell the next of God's mighty acts. What specific stories or testimonies of God's faithfulness do you feel compelled to share with others? How can you be more intentional about sharing your faith journey with those around you, especially younger generations?

Prayer:

- Take a moment to share any personal prayer requests with the group.
- Ask God to help each person identify areas of their life that can leave a positive legacy.
- Pray for the strength to remain faithful during challenging times, mirroring the commitment seen in past generations.
- Request guidance for integrating genuine faith into everyday experiences and activities.
