

Meeting Agenda

3. Approval of the minutes of the 10-18 meeting. Jude moves. Annette seconds.

4. November election recap: Tremendous showing!

Tony elected.

Super majority FAILED.

Polls and media stories aren't actual votes. Abortion and democracy were truly on the ballot. The reason there wasn't a red wave was because of the hard on-the-ground work. Ray reported over 3500 people crammed through only one polling place in Harrison because Christ the Rock refuse to be a voting facility because of Covid. We had some poll observers. Nothing too egregious happened. Mainly some people wearing political shirts. Agreed more money should have been spent in WI since we came so close. Evers gained about 2.5 points in Calumet County from 2018!

The Supreme Court in April could shift the sands of unfair district maps. Nothing matters more than getting out the vote in April.

5. Treasurer's Report: Chris \$5878.98 after donations

8. Upcoming Events: TBD

Need to start planning for a fundraiser meet and greet dinner. Maybe in Feb. or March. Keeps buzz going about the April election. Need to set up event committees. Getting a forum gathered possibly for the judge.

Whether or not to consider some office space. This group's primary aim is to elect Democrats and support Democratic candidates. Gary will look into storage units as an alternative.

Stacy motions everyone look for office space prices.

Volunteer for event planning? Jude will ask Doreen. Susan and Stacy will look into being on an event's committee. Note: Rivertime Bistro and Stone Arch-old Adler Brau. Candidate Forum.

9. New business: A suggestion to donate to the Thanksgiving Express. Most likely too late this year, but will try next year. National Night Out might be a great opportunity for donations.

Referring to Police Night Out festival in Brillion in August.

Jude will make a running list of great places to sponsor so we can reference it more easily in the future. Point made on Farm Bureau-If they had more information on Democrat policies, they might remember Democrats work for them, not Rs. Community School Symposium-hot button issue educational conversation. How curriculum gets written, for example. Information creates breakthroughs with disinformation.

Second Sunday in June-Calumet County Historical Society has a booth. Put out Cal Dem stuff.

Send out a thank you note to large sign people-Gary will send a list to Eli. It was already planned
