QUESTIONS POLICE STILL CAN'T ANSWER - Uulhan Killer Edition

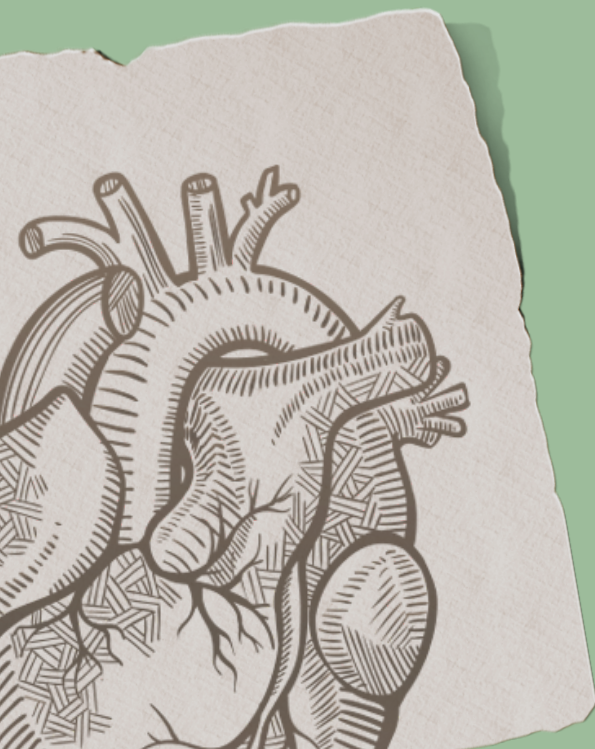

Was Ro Seonghwa really the Uulhan's first male victim or are people just uncaring when it comes to the police being harmed? Survey shows most say...

"I opened the door where I heard the woman weeping so loudly. She was skinny and pale. Her hair was long and unkept. No matter how much I try and pretend I never saw it...the image won't leave my head. I try to be the guy everyone sees me as but I can't change what's already been done."

ITS TIME TO START ASKING THE IMPORTANT QUESTIONS

WHY?

I feel suffocated. As if I've been drugged into feeling this way. Am I mad? Woosung doesn't love me, he's never showed me any kindness so must I feel so strongly about him? He's a horrid murderer we've been trying to fuck over and catch for so many years. Is it because I'm sympathizing with him? He's so young...it's not often you see young adults murdering for...seemingly no reason. Am I being manipulated. I know I am...but why do I fall for his lies all the time? I always think he's being honest and that just fuels my love for him. I've heard of these cases before. Stockholm cases? If I know my situation...why can't I shake myself out of it?

SPECIES . . . Human

WITNESSES REPORT :

Piercings/Tattoos :

No piercings or tatoos

Scars :

3 inch slash across back of his left thigh

5'8" and at a somewhat healthy weight of 126lbs. He has big doe eyes and they're a dark black color. He has pale skin and an odd flimsy posture when he stands. He often has a very feminine perfume scent on him. He has a pretty neutral tone of voice. Not high but not low. Average.

Ro Seonghwa . . .

IF YOU SEE THIS.

I wanna know you can trust me. I do not stand for my sons behaviour. You don't have to fight this alone. Go home

Ro Seonghwa is a very laid back and quiet person. He often doesn't speak until spoken to. He avoids isolated places and likes crowds despite being extremely introverted. Seonghwa has a very sympathetic and caring personality but, that comes with bad traits as well. He is easily manipulated and swooned. Seonghwa is not supposed to run investigations or missions alone for these reasons until he gets better trained. Who the fuck assigned him to go to the bar alone?

We have @?3 often. Does that make us lovers?

No...I don't love him! What if they look back and give up thinking I'm his boyfriend?

The more I think about that situation...the more I really feel like I wouldn't mind if it happened. Am I sick? Someone help.
