4. Lindsey Weigel

- a. Monthly Wellness Events (Becky Beebe co-presenting)

- i. Each org will commit to at least one annual wellness activity/event. Some events (like the fun run) need to be at a specific time of year due to the nature of the event, but we could try to have the others spread throughout the year.
 - ii. By *Friday, September 12*, please determine what your org's wellness event(s) will be and add it [HERE](#).
 - iii. If it does not need to take place in a specific month, list it in columns H-J. I will assign it a month by September 22.
 - iv. If you provide the activity info to Becky Beebe (rebecca.beebe@wisc.edu), she can include it in the monthly wellness newsletter. Date for newsletter submission is listed on the google doc.
 - v. We will do monthly coffee and tea days/socials (ice cream instead in Sept/May).
 1. Each org will be required to provide 2-3 volunteers at some point during the year for this. Sign up for fall social [HERE](#).
- b. Community Hour
- i. There are still some [Community Hours](#) available this semester, and early spring semester. Scroll down below the schedule to find more information on how to request a community hour
 - ii. There is a reservation hold on the Commons and lecture halls for the community hour. If you are holding an event or presentation during CH that is big enough to necessitate these rooms, you should officially be requesting a CH slot
 - iii. Once Kremer's lecture date is determined, the other events listed in orange will be finalized.
- c. Nursing Lawn
- i. Contact me if you would like to reserve the Nursing Lawn for an event. Generally, the rule to use the space is that you need to have an SOP staff or faculty member present for the entire event and that you leave the space in as good as or better condition than you found it (clean up after yourselves, no damage to facilities/landscaping, etc)
- d. Career Fair Volunteers
- i. Just a heads up that we will once again be requiring student org members to volunteer at the career fair
 - ii. The week prior to the October Senate meeting, we will be requesting member numbers from student orgs. We will use these numbers to determine the number of shifts that will need to be filled by members of each org.

- iii. If there are shifts that are not filled or org members do not perform their duties, funds will be subtracted from Senate's proceeds from the event
 - e. Reminders about reserving rooms in EMS
 - i. I need to approve most reservations manually, so if you are making a "last-minute" reservation, I may not get it approved in time. For the most part, you can assume that you have the room. (There have only been a handful of reservations that I haven't approved in the last few years.
 - 1. Commons and Therapy Lab (in specialty room template) require an additional layer of approval (cannot be reserved last-minute and cannot be automatically assumed it will be approved.)
 - ii. I am no longer sending confirmation emails unless it is a night or weekend event. You can find whether a reservation was approved or not by looking in the "My Events" tab. If you reserve a regular classroom with short notice, you can assume you have the room unless you hear otherwise. (I have to approve a lot of the reservations manually, and generally only check EMS once per day.)
 - f. Org Leadership/Transition Documents
 - i. The last several years, there has been a lot of issues with student org leadership transitions: students not understanding their duties for a specific leadership position, not updating leadership roster, not knowing processes that should be followed for events and/or requesting assistance.
 - ii. When I first started working here there were actual physical transition binders that were handed off from year to year. With more being digitized now, it seems that there has been less intention and less attention to detail when transitioning leadership.
 - iii. If your organization does not have a transition folder (likely in google drive for most orgs), I would suggest you work with other members of your org to create one. I am bringing it up early in the year so you can start creating documents now if you don't already have them. This way you can add details to process documents as the year goes along.

I had sent all the details that you guys have sent me back during the summer but it seems like there are some lingering issues. Please bear with me as I am doing my best to give access to you all.
- If you had gotten a new wiscard over the summer please let me know because I have been using the wiscard information if you were in a leadership position last year.
- Please also include the **people who will require access to the student org room**. I will need the person's name and their Wiscard 6 digit code that is

on the back of their Wiscard on the bottom. Here is a picture that you can provide to the student for reference:

a.

2. You should only provide a **maximum of 2 people** for org room access.
 3. For **larger** student orgs who have multiple smaller groups within their organization, you may provide **1 person from each subgroup** who will have access. (WSPS is a good example of this with their operations).
- c. Working with Victoria and have started introducing the main responsibilities as senate secretary. She will be an additional point of contact aside from me and TJ regarding attendance for meetings. Please ensure to include her email when emailing absences (**vrjohnson5@wisc.edu**)

1. Old Business

- a. Old Business:
 - i. Reminder for Senator Role Requirements Attestation
 1. Verify that you have read the constitution and understand the responsibilities of your position on the UW-Madison School of Pharmacy Student Senate.
 2. Please complete this form if you have not already at [this link](#)
- b. Reminder on the alcohol policy - orgs and ASM (also have alcohol policies)
 - i. <https://students.pharmacy.wisc.edu/pharmd-handbook/event-announcements-involving-alcohol/>
 - ii. <https://policy.wisc.edu/library/UW-6003>

Student Organization Alcohol Policy (SOAP): Overview

- At any event with alcohol (regardless of location):
 - An appropriate selection and quantity of non-alcohol beverages and food must be available
 - Measures in place for prevention of underage drinking
- Any RSO making alcohol available at a venue without an alcohol license must abide by the following additional policies:
 - Alcoholic beverages are limited to beer and wine
 - Beer should be served in individual cans or bottles. Common sources of alcohol (such as kegs, bowls, barrels, boxed wine, etc.) are not permitted
- RSO Alcohol Training will go deeper into these policies and practices

SOAP: Recommendations

DO NOT serve or allow consumption of alcohol at events where a majority of students are under the minimum legal drinking age.

DO NOT consume alcohol at general or executive board meetings.

DO NOT use alcohol as an incentive for participating in an event or as prizes in contests. Liability increases when alcohol is used as an enticement.

DO NOT have activities where consumption of alcohol is the purpose, consequence, or reward. Drinking games and using alcohol as a reward leads to over-consumption because people drink when they win or lose not when they want to.

DO NOT charge for alcohol or charge an admittance fee for an event where alcohol is provided. This is likely considered "operating an unlicensed tavern" and is a criminal offense.

DO NOT use organizational funds to purchase alcohol or pool money from attendees to provide alcohol for the event. A BYOB policy for individuals over the legal drinking age is the best way to ensure appropriate alcohol consumption.

In addition to the student organization alcohol policy, we recommend

2. New Business

 - i. Please encourage your peers and members of your organizations to attend meetings and submit questions to anonymous poll beforehand

- b. Attendance penalties
 - i. Senate is concerned with diminishing attendance over this past year.
 - ii. To encourage attendance we are looking for ways to hold voting members accountable for missing meetings

1. Organization representative (excluding Pre-Pharmacy and PharmTox) must be at the meeting every month
 2. Not having a representative will result in a \$50 fine for the organization
- iii. Class co-presidents (at least one needs to be in attendance, excluding DPH4)

- c. Org Fair
- i. Thank you to everyone who helped at the Student Org Fair today!
- d. Community Hour Reservations
- i. There are still some [Community Hours](#) available this semester, and early spring semester. Scroll down below the schedule to find more information on how to request a community hour
 - ii. There is a reservation hold on the Commons and lecture halls for the community hour. If you are holding an event or presentation during CH that is big enough to necessitate these rooms, you should officially be requesting a CH slot
