Multiselect	More than 1 correct answer					
Multipart	More than 1 correct answer					
Drag & Drop	1 correct answer, can have multiple parts					
Hot Spot	1 correct answer			**Hot Text**		
Inline Choice	1 correct answer (from a dropdown)					
Text Entry	1 correct answer (numeric, word, or phrase)					
Short Constructed Response	item-specific 2-point rubric					
Match Table Grid	More than 1 correct answer					

Question Types (Thinking Level)	**Question Construction**	**Low-tech options**	**Question Stems**
Multiselect (organizing & analyzing)	More than 1 correct answer	card sorts, paper-based multiselect	*Select all correct answers.*
Multipart (analyzing)	More than 1 correct answer	highlighting evidence in texts, graphs, or charts	*What evidence supports your answer in Part A?*
Drag & Drop (knowing, organizing, analyzing)	1 correct answer, can have multiple parts	word banks and fill-able charts & graphs	*Move the word or phrase to the correct box.*
Hot Spot (knowing, organizing, applying)	1 correct answer	paper images, cartoons, graphs, charts with labels	*Select the correct ____ in the graph/diagram/image (by labels).*
Inline Choice (knowing, organizing, analyzing)	1 correct answer (from a dropdown)	paper-based with multiple options embedded within a text for students to select	*Which word or phrase best fits in each space in this paragraph?*
Text Entry (knowing, applying, generating)	1 correct answer (numeric, word, or phrase)	fill-in-the blanks	*What number (word or phrase) completes the blank?* *What is your answer?*
Short Constructed Response (analyzing, generating, integrating)	item-specific 2-point rubric	short answer responses based on texts	*Explain your answer with information from the article (chart, diagram, or graph).* *What evidence supports your answer?*
Match Table Grid (organizing, applying, analyzing,	More than 1 correct answer	paper-based Venn diagrams, matching items	*Select the answers for each key idea in the grid.*

integrating)			

Question Types (Thinking Level)	 **Dialogic Prompts**
Multiselect (organizing & analyzing)	*What other answers would also be correct?* *How does (answer option) answer the question?* *How do you know which answers are correct?*
Multipart (analyzing)	*What evidence supports your answer?* *What part of the text (chart, graph) proves what you are saying?* *Can you point to where it says that?*
Drag & Drop (knowing, organizing, analyzing)	*Which word from this list fits in this chart?* *Where do all the different answers go in this chart?* *How do you know where to put the different answers?*
Hot Spot (knowing, organizing, applying)	*Point to the place on the graph/chart/map where _____ fits.* *What do the labels on this image mean to you? Why?* *How are the different parts of this image/ chart related?*
Inline Choice (knowing, organizing, analyzing)	*Which word or phrase from the provided options makes sense in this sentence? Why?* *What words in the sentence make you think that?*
Text Entry (knowing, applying, generating)	*What word or phrase belongs in the blank?* *Why do you think so?* *What specific words make you think that?*
Short Constructed Response (analyzing, generating, integrating)	*Based on this text, what do you think about _____?* *What parts of the text make you think that? Why?* *What words or information support your answer?*

Match Table Grid (organizing, applying, analyzing, integrating)	*How would you group these ideas? Why?* *Where do they go in this grid?* *What is the relationship of these ideas or topics? Are they similar or different?*
