

## SLCC Biology 1090

Fee for Curricular Activity  
2025-2026 School Year

Curricular activity means an activity, course, or program that is provided, sponsored, or supported by the school; and conducted only during school hours.

Teacher Name(s): Krystal Lee-Chin

### Fee and Spend Plan

Fee	Spend Plan Specific delineation of what this fee covers
\$30	Specimens - sheep heart, sheep kidney, cow eye, sheep brain, whole rat, specimen microscope slides  Supplies - scalpels, gloves, disinfectant, glasses, ethanol, bleach, forceps, urinalysis kit, blood type kit, nutrition kit, suturing kit

If the fee you are requesting for the 2025-2026 school year is higher than the approved fee for the 2024-2025 school year, please explain the reason for the increase in the fee:

In the past few years I had a lower fee because I had a surplus of specimens. During the shutdown of the pandemic, we did not use any of the specimens and then my classes were significantly smaller the following school year. The surplus has run out. I also need more microscope slides because I have a small supply and many of them have broken or the stain is no longer visible.
