

On behalf of St Pius X School, I would like to thank you for coming to our school this morning and performing a great show. We enjoyed your music and

Thursday 15 November

Dear ACYM Team,

Thank you for giving me an experience that I have never experienced before. I enjoyed myself spending time with lovely people like you guys. I learnt how to become even more confident with myself and express myself to others. Retreat is maybe one of my best trips/experiences I have ever been on.

Once again thank you so much and God bless X
Claudia.

How To Play Orienteering :

Orienteering is a group of sport that requires skills using map and area to plan point to point, it requires lots of running whilst moving at speed. Using a map helps you get to finding control points to complete the game.

First step : Is once we have a panner we get a paper that has number 1 through 20 and a map of your area! Then once we have what we need to complete the game on the map it has a little red round circle one witch control point we need to find but before we find the points on the map it has a number from 1 to 20 and a letter there is also letter from A -

Topic 5 - Changing time

ASsessment :

INTRO:

Wouldn't it be exciting for us Saint Pius X Catholic School students to change the time to when school starts in the morning from 8:55 to 9:30?.

BODY OF MY WRITING

REASON 1 : WHY WE SHOULD CHANGE THE TIME FOR SCHOOL STARTING

Changing the time from 8:55 to 9:30 would benefit a lot of parents who work at night and come home to rest. These parents come home exhausted and not in the mood to clean anything. If they get enough sleep they would be able to help their kids get ready make there lurch and see them every morning.

REASON 2:

Secondly teachers can come early but won't be communicating with students until school starts, that will then give the teachers time to put up a plan for the day and get organized before schools starts.

CONCLUSION :

Tuesday 16.10.2018

A Special Place In Mangere || Saint Teresa Church :

- Because it's where I can go and worship and pray to God
- It's where I can communicate with others.
- It's where we celebrate,

The most important place to me in Mangere is Saint Teresa Church.

1. Prayer || The church is important to the community because it's where we can worship with our God and spent time with him, it's also where we can pray to God to help other who are in needs. It's also where we can reserve the body and blood of God (9: 55)

2. Learn || The church is also important to me because I learn about my religious and also learn from the lord's prayer.

Explanation Writing || Write one instinct that happened in the holidays.

BEING IN HOSPITAL FOR 1 WEEK

In the holidays we really didn't do much because my family went through the toughest time ever. We spent mostly our holidays in hospital looking after my mother who went through alot in these past few weeks.

As a family of ours we tried our best to stay as strong as we could, I spent most of my nights there looking after my mother and making sure she was ok and if she needed anything. Days and days went by and we had bad news from the doctor that my mum won't be able to get her surgery done because there has been an difficulty in her kindy.

Us as a family we knew she wouldn't get better because this a huge thing, but God heard us as we pray and as a family we knew that what was best for my mother was for her not to go through pain and just close everything up and let the kindy do what was best for it. My mum then got dichgraged and that was the ended of it.

ICE STACKING

Days went by and my mother was getting a lot better and we thought as a family to go ice stacking, I was hyped,excited
