Caption Ideas - make sure to direct the audience to the action alert link at the top of this page

- Send a letter to state lawmakers to demand an 8% pay increase for Early Intervention providers in this year's state budget!
- Delayed is not denied....YAY to 5%... BUT WE NEED 8% TODAY.
#KidsCantWaitNY Send a letter to lawmakers now!
- It was a two year wait for a 5% increase in provider pay – but kids can't wait another day. Tell the leaders of our State: New Yorkers demand an additional 8! #InvestEarly #EIWorks
- Pay providers what they deserve so they can serve! #KidsCantWaitNY #NYforEI
- EI delayed is EI denied! Providers have been underpaid for decades, causing workforce shortages and, in turn, massive waitlists for Early Intervention (EI) services. Tell the State: our kids can't wait! #NYforEI #KidsCantWaitNY
- Raise your voice – NY needs to raise the pay of EI providers!
#KidsCantWaitNY
- Early Intervention works – but only if children can get their services. We need an 8% rate increase to address provider shortages.
