Vinyl Cutter Rules and Guidelines

1. Approval process:
    a. Students should meet with Media Center Staff to start planning.
    b. The teacher of the student must approve the vinyl cutting project before creating project.
    c. The Media Center staff must approve the project before it can be cut.

2. Relevance to curriculum:
    a. The project must align with the curriculum of their classes.
    b. It should directly relate to a specific lesson or assignment in their class.

3. Size limitations:
    a. The project can use up to two 12 inch by 12 inch vinyl sheets.

4. Required materials:
    a. Students should create their project through Cricut Design Space on the computer attached to the vinyl cutter.

5. Time frame:
    a. The student should coordinate with the media center to schedule a time to design and cut their project at least five days before their desired completion date.

6. Additional considerations:
    a. Students must follow all rules and safety guidelines the Media Center sets regarding vinyl cutting projects.
    b. The project should promote creativity, critical thinking skills, and collaboration among students.
    c. The cost of materials for the project should be reasonable and within budget for both the school and the students.
