

Revolutionary Guardians of Fódlan

A FE3H Magical Girl Fanbook

Revolutionary Guardians is an unofficial fan collaboration art + short fiction book inspired by Fire Emblem Three Houses, and our favorite magical girl anime and manga. The book will mainly feature illustrations and comics, with a handful of stories, meta writing, and alternative content, interest permitting. *Revolutionary Guardians* will explore the magic-using characters from Fire Emblem Three Houses reimagined as characters in magical girl anime and manga such as *Sailor Moon*, *Revolutionary Girl Utena*, *Madoka Magica*, *Tokyo Mew Mew*, *Cardcaptor Sakura*, *Little Witch Academy*, *Princess Tutu*, to name a few.

Though the theme is “magical girls,” the team at *Revolutionary Guardians* would like to take this project in a gender-unbound direction. All characters presented in game are permitted, regardless of gender identity/presentation.

Revolutionary Guardians is looking to print an A4 size book featuring 40 page illustrations, and 5-7 works of fiction, accompanied by a merchandise bundle and stretch-goal merchandise.

Our fanthology will be ship-neutral, and safe-for-work. Interest permitting, we would like to collaborate on a digital add-on project featuring ships/romantic content, with a digital print of the booklet as a stretch-goal.

Revolutionary Guardians is seeking artists and writers age 18 and over. Pending proportionately significant interest, we will consider expanding the size of book and merch bundle.

We are looking to welcome a number of additional content creators, cosplayers, essayists, GMs looking to create TTRPG character sheets and homebrew content, fiber-artists, interest permitting.

This is inherently an alternate-universe project, though works will take place within and around Garreg Mach Monastery, and the reimagined Magical Girl Universe of Fódlan.

Cast of Characters

Our fanthology will make a point to represent each of the playable fe3h chracterss at least once in our book, regardless of canon magic use. NPCs such as Judith, the Gatekeeper, etc are welcome as well.

The roster is subject to change, pending results of our interest check. If there is sufficient interest, we will consider adding *Fire Emblem Warriors: Three Hopes* canon characters Shez and Arval to the roster of central characters.

Creators are welcome to take inspiration from exisiting well-loved Magical Girl media, or their own magical-girl worldbuilding for their pieces. We understand that a certain beloved series is by far the most popular in the west (Sailor Moon) but also encourage you to seek inspiration from many other almost-as-popular, or lesser known series as well. During the application and pitch process, we will present an inspiration document with links for your reference.

Proceeds from Revolutionary Guardians will be donated to a charity of the creators' choosing. Sales permitting, we would like to comp all contributors a full bundle of our book and merchandise.
