

Task #3 - Duolingo Lessons

(6 Hours)

12/22/22

Reflection:

Today I studied german for another 5 hours and really feel like I improved on my phrases, verbs, adjectives, nouns, and pronouns. I also learned some different family words, foods, and places.

Learning all of this will help me when I plan to visit Germany next year during Oktoberfest. Knowing how to have long-lasting conversations in german and not mess up simple things like “where is the bathroom” or “how are you doing” will help me go a long way in communication in another country.

Some phrases or words I learned:

Guten tag - Good day

Guten morgen - good morning

Ich heiße - My name is...

Ich - I

Du - you

Wir - we

Sie - you (formal)

Er - He
