Oakridge Elementary
School Community Council
Monday, May 6th @ 3:30 Oakridge Office Conference room

Welcome…
Council Business
Attendance: Brian Davis, Fred Federer, Dana Valencia, Denise White, Siena Hansen, Rachel Mackay, Valerie Bergera

-Approve minutes from the March SCC meeting. We canceled our April meeting. Siena motioned to approve. Second was made Denise White.

-Safety update

Millcreek has ordered the sign and electronic components for above Brockbank. The speed sign is there now, but nothing else. Siena went to the Mount Olympus City Council meeting and requested a crosswalk. Siena will follow up with Mason on this.

-Electronics policy discussion and vote on school policy

Rachel went to the DCC meeting. The consensus was that the electronics policy should be a district policy not a school policy. Discussed policies at surrounding schools. The school board is discussing this at their meeting tomorrow. We will wait to hear what the board discusses and decides before moving forward with a school plan.

-Review current school mission and vision statement

The committee thinks the current statement has good components but is very detailed and wordy. We want to revisit this next year and look at including the Graduate of Granite Characteristics.

-Determine open positions for school community council for the 24-25 school year

We have 2- two year positions open and 1- one year position. We will need one new school faculty member.

Adjourn
