What do I get when I purchase

Upon purchase you will receive the living dex, most regional variants and event
Pokemon. There are a lot of category based on different Events.

Method of Delivery/Requirements

You will need:

- ✓ A Switch with Pokemon Home installed
- ✓ Pokemon Home Premium (approx £2.50 this is necessary as the free version won't let you store all of the Pokemon)

How it works

is I will deposit the Pokemon into Pokemon Bank and start to move them over to Home. On Pokemon Home you need to press the move button at the bottom of the screen and generate a move key, then send me the move key (preferably as quickly as you can as it's time limited) and I'll type it in on Pokemon Bank, from there the Pokemon will be sent over and you can do whatever you like with them from there, trade them on the Pokemon Home app or transfer them into sword and shield.

NB: You are paying for our time to get all the items listed in the description not the actual items
