INNOVATOR PROFILE

Relentless Creative and technology innovator with 20+ years of experience transforming complex ideas into scalable, human-centered digital solutions. Known for blending strategic thinking, creativity, and execution to deliver measurable results across higher education, government, non-profits, and enterprise environments. A natural ideator and problem-solver who thrives at the intersection of APIs, data visualization, accessibility, and modern web experiences.

CORE STRENGTHS

- Innovation & Ideation (Top 10% creative profile)
- Strategic Thinking & Systems Design
- Accessibility-First Engineering (WCAG 2.2)
- API-Driven Automation & Integration
- Data Visualization & Storytelling
- Cross-functional Leadership & Mentorship

PROFESSIONAL EXPERIENCE

Austin Community College — Full Stack Developer / Web Administrator

July 2018 – Present

- Led innovation in accessible, data-rich digital platforms serving tens of thousands of students, staff and faculty..
- Designed and deployed WCAG-compliant materials, replacing static reports, improving usability and inclusion.
- Automated institutional workflows using APIs (Google Workspace, Asana, ArcGIS, Census API), reducing manual effort and errors.
- Developed custom WordPress plugins, authentication integrations (Okta), and internal PHP solutions.
- Championed accessibility as both a technical and cultural transformation across teams.
- Created advanced geospatial solutions and visual analytics to support institutional decision-making.

Board Member — Cedars International Academy

October 2022 – Present

- Contributed to strategic governance decisions including campus consolidation and executive leadership hiring.

- Supported fiscal oversight, policy development, and long-term growth strategy for a PK-12 charter institution.

University of Miami — Systems Analyst / Web Services Manager

2010 – 2018

- Architected interoperable systems integrating surveys, payments, and enterprise platforms.
- Led CMS migrations, database design, and .NET application development.
- Translated business challenges into scalable technical solutions with measurable impact.

Earlier Career Highlights

- IT Director & Web Developer roles across AXA Assistance, Community Telecom, Creative Agencies, and Government Institutions.
- Built real-time financial dashboards, e-commerce platforms, and enterprise web applications.
- Early innovator in data-driven reporting and user-centered design.
