It also offers side-by-side SEO comparisons with your competitors. Analysis reports are also downloaded as PDF files for offline usage.

Bonus 9 : SiteClone Machine

SiteClone Machine is a PHP script which allows you to make copies, clones or archives of any website. It does not matter whether this website is made with regular HTML files or was built using a CMS like Wordpress or Joomla; SiteClones clones them all!

Once a clone or copy has been created; you can choose to either browse the clone online, download it as a ZIP archive, send it by email or upload it to a remote server over FTP. With SiteClone Machine, you can start earning some bucks from web designing and smartly using this tool to jump-start the entire web design process... Not only does SiteClone Machine generate an exact copy of the site; it also rewrites all URLs to be fully relative, which allows you to use the cloned site either on a web server or locally on your computer.

SiteCloner Features;A

=> Clone or copy any live website, be it HTML or CMS (Wordpress, Joomla, Drupal, etc) based

=> Browse clones online

=> Download a copy of the clone to your computer as a ZIP archive

=> Send clone as email attachment

=> Upload clone to remote server via FTP

=> Configure exclude keywords to prevent certain parts of a site being cloned (handy when you want to clone only certain parts from a large site)

=> Built in "time out" protection to prevent the cloning process to run for hours and use up a lot of resources

=> Timed out or paused clones can be continued at any time

=> Well written recursive code which is light and easy on the server's resources; runs on regular shared hosting accounts

=> Tell the script what to do when a clone is ready, like sending it by email or uploading it via FTP (so you don't have to sit around waiting for a clone to finish)

Bonus 10 : Viral Soci Share & Locker

How would you like to install a premium wp plugin built with all the capabilities & necessities to get more shares into your website. This brings you more exposure on all the Social networks and gets you viral visitors on demand. There's no other sharing plugin that has the depth of options that you get from this one.
