

LDR Patch Tournament Details:

Ruleset: Open Format / Round Robin / Triple Battle / LDR Patch

Since this is a more casual tournament you can use any build you want to throughout the tournament. So you can improve your build as you play! PLEASE USE REVEAL IN MATCHES!

Optional but if you feel super nice please submit a copy of your build(s) [HERE!](#)

Rules:

- Be up to date in the patch and use Chips and NaviCust parts only from the latest update of the patch.
- No chips are banned if you use what is provided within the given save files.
- TripleBattle, No Mod cards.
- No Link Navis.
- Do not REG or TAG any Giga chips.
- Make sure to reveal set up when battling your opponent

How to play LDR Patch:

To play my patch all you need to do is select the patch in the Tango menu. After that you'll need to create a save within tango as this creates a special save which is needed to have access to all the chips added and to not get an error. After you have created the save you can load up and start playing my patch. If you run into any issues feel free to DM me on discord @ldr100. A few screenshots below may help!

How to Enter:

You can submit builds via this link [here!](#)

How to find your opponent:

Upon joining my discord go to the rules and react to the emotes for MMBN (and MMBN Matchmaking if you want to be alerted for matchmaking) which is needed to go into the MMBN channel. After, you will be added to a thread in which matches can be organised and played. Discord link: <https://discord.n1gp.net/>

Sign-ups open until: 18/7/2025 (18th July 2025) [Anytime before the tourney starts honestly]
