

We follow the prophet

We love to obey
We listen and learn

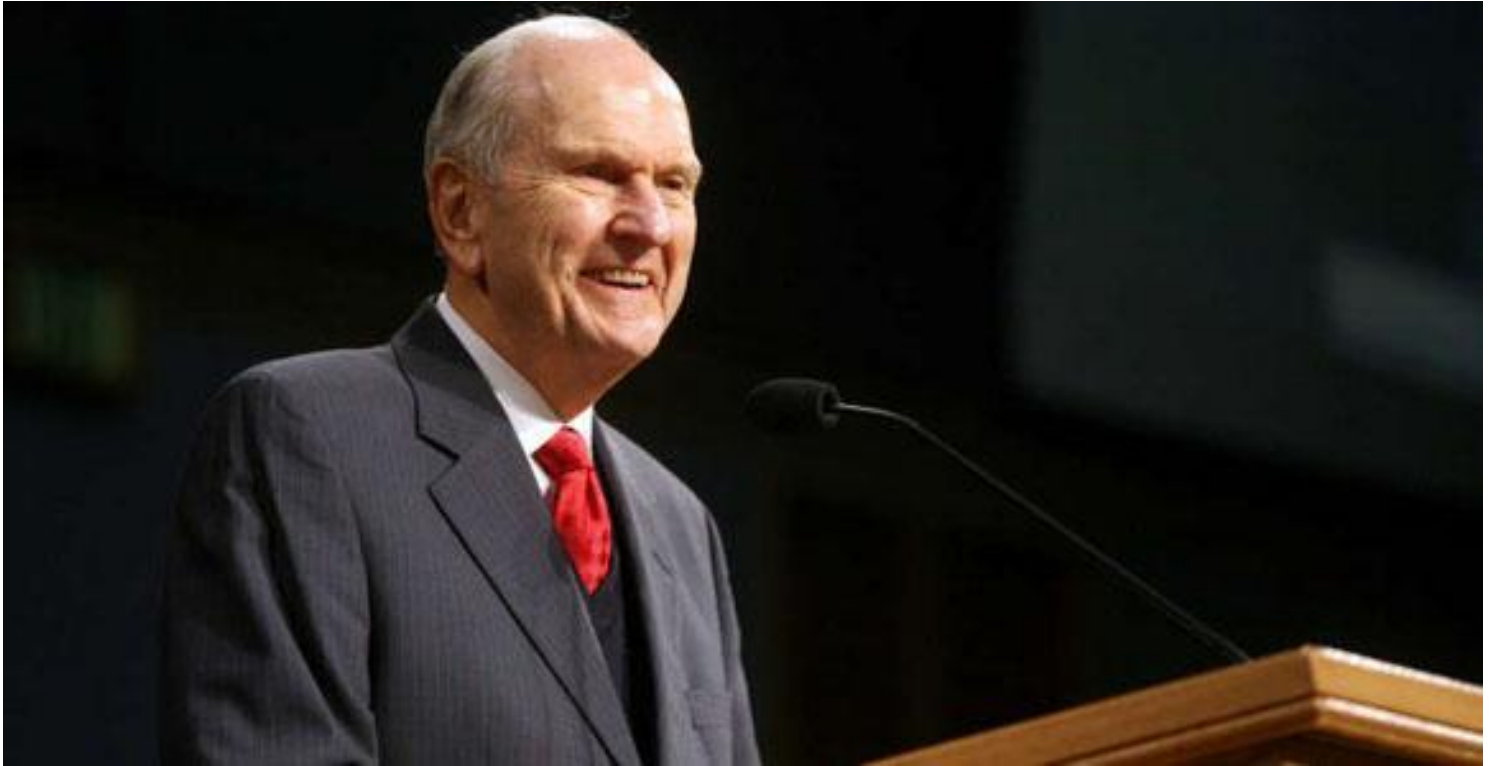

**As he shows us the
way**

**We follow him
gladly**

**With faith in his
word
For he speaks**

The will of the Lord

We honor the prophet

**We lengthen our
stride**

**We speak of him
kindly**

In love and in pride

We pray for the prophet

**That he may be
strong
Defending the right**

**And condemning
the wrong**
