

My current outreach:

Hi Stephen,

Found your website while looking for luxury car dealerships on Google.

I help luxury car dealerships easily attract more website traffic and get them more clients.

Would it work for you if we planned a quick call one of these days to see if I can help?

The only outreach that got people interested in working with me:

Hi Gregory,

While scrolling on Google I found your website and saw that you don't have a lot of traffic.

So, I had a cool idea to increase your website traffic and get you more clients.

I will write paid ads for you that will increase your traffic and get you more clients at the same time.

These paid ads will make it easier for people to choose your company to design their houses instead of other companies.

Would you like to see an example?

Kind regards,  
Mohammed

Ps: I only got a response on DMs.
