

## **Pokémon Mystery Dungeon Gates to Infinity Virizion Voice 1:**

**Virizion:** Is this seat taken?

**Virizion:** Hehe. Thank you, boys.

**Virizion:** Hmm. I'll think about it.

**Virizion:** I've been to some caves in the east. But there was nothing there. I'm afraid I didn't get anything at all from the trip. I wonder if I've lost my edge as an adventurer?

**Virizion:** Yeah. That about sums it up. Though it's not like I don't have any goal... But you could basically say that I go wherever the whim takes me. I came to this town because there was something I wanted to see here.

**Virizion:** The Rainbows of Hope.

**Virizion:** I had heard rumors that the rainbows couldn't be seen any longer. But I still wanted to see them, you know? I thought that maybe if I came here, I'd find out that they had returned. But it looks like it's no use. I won't be able to see them after all...

**Virizion:** His friend?

**Virizion:** A gift?

**Virizion:** Thank you for the gift. It's lovely. But... While it is very sweet of you...I can't accept it.

**Virizion:** I don't make friends. I'm sorry.

**Virizion:** I'm sorry but with the **would** we live in... I just don't believe in things like friends. If you were strong, I might be able to consider you as some kind of ally. If you were strong, then at least you could help me out in some way. But you...well, you aren't very strong, are you?

**Virizion:** The world's full of cheaters, thieves, and liars. There's nothing to believe in anymore. Someone who acts nice to you always has an ulterior motive. You can't just believe anyone who flatters you with pretty words. Making friends will just lead to heartache and disappointment. That's why I just don't have any.

**Virizion:** How could you feel any other way in this kind of world? You understand, don't you?

**Virizion:** Hold it right there!

**Virizion:** Pawniard! You told Emolga and these other Pokémon that they were surrounded, didn't you? And yet... Who's surrounded now?

**Virizion:** Taking advantage of the weakness in Dunsparce's heart with this dirty plot... You two...really are pathetic, aren't you?

**Virizion:** Well, I did see you. I happened to see you talking with [Quagsire](#). I didn't hear everything, but...it was enough to put the pieces together.

**Virizion:** I have to apologize. It was my fault that you felt like you had to get stronger. I am sorry about that. But... Bad Pokémon are always looking to take advantage of gullible Pokémon like you. You trust others way too easily. You can't live like that these days. You know? You just can't trust other Pokémon, not in the world we live in now."

**Virizion:** ... ..

**Virizion:** (A Pokémon Paradise?)

**Virizion:** Er... Do you mind if I interrupt? I have a request for you all. Will you... Will you let me join your Paradise as well?

**Virizion:** Toying with you... Yes, I can see how you would think that. I won't make any excuses for my behavior... But...even saying that... Is there no way you can let me be a part of your paradise?

**Virizion:** Hehe. I'll just have to try.

**Virizion:** Thanks.

**Virizion:** Well... It looks like I've caused a bit of a fight, but... I'm looking forward to working together with you all. I guess I'll be heading back first, then. Gurdurr.

**Virizion:** What you said...back there... (flashback starts)

**Virizion:** What a fool... This only happened because he believes any old Pokémon he meets. They should be headed for Desolate Canyon. Come at once, would you?

**Virizion:** ... ..

**Virizion:** ... .. (flashback ends) I think...I might understand now what you were trying to tell me.

**Virizion:** Hehe, no need to act so bashful. Oh, never mind. (But...) (I had been thinking it was about time to leave Post Town...) (Perhaps sticking around isn't a bad idea either, though.) (If I stay here...) (I feel like I might finally find it.) (That one precious thing... I've been searching for...)

### **Pokémon Mystery Dungeon Gates to Infinity Virizion Voice 2:**

**Virizion:** Hehe. And a good morning to you.

**Virizion:** I don't have any objections.

**Virizion:** Hehe. Understood.

**Virizion:** I would have expected no less. The famous reformer of criminals... Who even formed an organization to punish evildoers... And is said to travel the world for its operations... The one known for three qualities above all others: sincerity, integrity, and rage. It appears that your famous nickname is not just for show... ...SIR Quagsire.

**Virizion:** Someone is going to get left behind.

**Virizion:** Like if I keep using Quick Attack... ..then I would make Quick Attack level up to Quick Attack II, you know? And then all my teammates who know Quick Attack could use Quick Attack II. Emolga, you know Quick Attack, don't you? So in this example... Even if Emolga never uses Quick Attack to level it up himself... He would suddenly be able to use Quick Attack II--without doing a thing. That's what it means to share as a team.

**Virizion:** Sounds good to me!

### **Pokémon Mystery Dungeon Gates to Infinity Virizion Voice 3:**

**Virizion:** It's the V-Wave.

**Virizion:** It's a strange wind that always begins to blow around this time of year, you know? Fire, Water, Electric... There's a wave for each of the Pokémon types. Say a

Fire-type wave is blowing one day, for example... Then Fire-type Pokémon will be stronger than usual and level up easier. Get it?

**Virizion:** Hehe, noticed, did you? But it's not all bad news. The V-Wave is just like any other weather phenomenon. It changes every day. So it's not like you'll always be at a disadvantage--or at an advantage.

**Virizion:** Victini! It's been ages, hasn't it?

**Virizion:** And you're just as lively as ever, aren't you? But...you know, the whole... V-Wheeeeeee!!! ...and striking a pose thing? You may want to tone it down other Pokémon could get annoyed, you know?

**Virizion:** Mukmai And Snivy? Victini might seem a bit much, but... He's a really nice Pokémon, deep down. He wanted to help out the Pokémon who are inconvenienced by the V-Wave... ...and that's why he travels around the world with his V-Wheel, you know?

**Virizion:** ...Well, anyway, you should probably only use the V-Wheel when you really need it. In other words, only when you feel you absolutely MUST change the V-Wave, OK?

**Virizion:** t's the Great Glacier in the north.

**Virizion:** There are huge glaciers that fill the ocean far in the north. I've only seen them myself from atop a mountain near the oceanside, but.. The magnificent sight of that huge glacier was truly...awe-inspiring.

**Virizion:** There are all kinds of rumors about what might be waiting there... Jewels made of ice... A legendary Great Crystal... But it's all just rumors and speculation, you know?

**Virizion:** Because no one has ever gone to the Great Glacier. Or that's... what they say... There are vast crevasses that make it impossible to reach the Great Glacier. And because the mystery is so great there... ...the crevasses change unpredictably and no one can even map them. If you try to fly over the crevasses to get there, a freezing wind pushes you back.

**Pokémon Mystery Dungeon Gates to Infinity Virizion Voice 4:**

**Virizion:** ...Oh! Umbreon! Umbreon... What happened to you? What's his condition?

**Virizion:** Are you sure? Thank goodness...

**Virizion:** I know him. His name is Umbreon. He's a dungeon researcher.

**Virizion:** Yes. Umbreon researches the mysterious powers present in this land, including the dungeons. That research was his life. Especially his investigations of the Great Glacier.

**Virizion:** Do you remember what I told you all before, when we saw that mirage? That I had seen the Great Glacier up close, from a mountain on the seaside? That's when I met Umbreon.

**Virizion:** But Umbreon wasn't the only one I met then, either. He had a partner. Espeon. Umbreon and Espeon were investigating the Great Glacier together, you know?

#### **Pokémon Mystery Dungeon Gates to Infinity Virizion Voice 5:**

**Virizion:** Umbreon!

**Virizion:** Umbreon... Why don't you explain what's going on? We might be able to help, you know?

**Virizion:** An entrance to a dungeon?!

**Virizion:** I see... I think I get it now. And the other cards you need...are with Espeon, are they?

**Virizion:** At any rate, we can all protect Umbreon together as long as he's here... Which just leaves Espeon.

**Virizion:** We will. You can believe that.

#### **Pokémon Mystery Dungeon Gates to Infinity Virizion Voice 6:**

**Virizion:** I was a bit worried myself, but... They seem to be doing just fine.

**Virizion:** We'll be on the same team from now on, huh? Do you best! Umbreon! Espeon!

**Virizion:** Is this seat taken?

**Virizion:** Sorry for scaring you. Do you mind me being here?

**Virizion:** So what's the matter? Hanging out up here all alone at this time of night...

**Virizion:** ...You really want to go, don't you? To the Great Glacier.

**Virizion:** No. It's not strange at all. I won't laugh at you anymore. I promise. I'm sorry... about the way I acted that time. It was rude.

**Virizion:** I see. I think you're really growing a lot, Dunsparce. Maybe this is one of those times in life that you just keep absorbing new experiences. I hope you'll find something wonderful at the Great Glacier. I'll be cheering for you.

**Virizion:** Of course. Do your best!

**Virizion:** hehe.

**Pokémon Mystery Dungeon Gates to Infinity Virizion Voice 7:**

**Virizion:** I'll stay behind.

**Virizion:** Don't think I'm not interested in going to the Great Glacier. It sounds amazing. But I get cold really easily...and I don't really like walking into danger. So I'll just stay here in Paradise. I'll...see you later.

**Virizion:** I thought we'd already decided that I would be the one to stay. Why are we even doing this?

**Virizion:** Oh, this is ridiculous. Fine.

**Virizion:** No! I should be the one to stay behind, like we planned!

**Virizion:** That hardly matters! I'm staying and that's fi--

**Virizion:** ...

**Virizion:** Dunsparce...

**Virizion:** Dunsparce...

**Virizion:** Emolga!!!

### **Pokémon Mystery Dungeon Gates to Infinity Virizion Voice 8:**

**Virizion:** ...Oh! I hear voices that way! Doesn't that sound like Umbreon?

**Virizion:** This way! Just follow me. It's dark, so watch your step.

**Virizion:** I know... To pull a move like that at the very last moment... It just wasn't fair, you know?

**Virizion:** ...I suppose you're right. I'm sure Emolga would be mad if he saw us all just moping around here.

**Virizion:** YEAAAHHHHHH!!!

### **Pokémon Mystery Dungeon Gates to Infinity Virizion Voice 9:**

**Virizion:** But...it looks like the worst is still ahead of us.

**Virizion:** I don't know the answer, but...Perhaps this mystery... ..will be cleared up if we also go to the glacier?

**Virizion:** It is surprising, isn't it? That is definitely sunlight, and yet we still appear to be within the structure. It seems this whole chamber is covered with a layer of ice. So right now we are...actually inside the glacier.

**Virizion:** Yes. It looks as though the glacier is hollow inside. Look up. The light from outside is being reflected by the ice. This whole place is covered in ice. I suppose it's like a giant dome of ice.

### **Pokémon Mystery Dungeon Gates to Infinity Virizion Voice 10:**

**Virizion:** You OK, Dunsparce?

**Virizion:** Huh? This Frism...

**Virizion:** This Frism...is already white.

**Virizion:** Huh?

**Virizion:** Umbreon... I...I know...this voice... It's Keldeo.

**Virizion:** I'm sure of it. That voice was Keldeo's. The Keldeo that I knew... The bright and friendly Keldeo... The way he used to be...

**Virizion:** No. The hoof writing in that letter... ...it was definitely Keldeo's. I think that letter was real.

**Virizion:** Yes. Thank you, Espeon. I'll be fine.

**Virizion:** I'm sorry for making you all worry.

**Virizion:** Let's go ahead.

### **Pokémon Mystery Dungeon Gates to Infinity Virizion Voice 11:**

**Virizion:** I'm all right, too. But...

**Virizion:** \*Gasp!\*

**Virizion:** Well, even if it is a dome, look at the size of it. Maybe it's natural that there's some air movement?

**Virizion:** argh...

**Virizion:** K-Kyurem?!

**Virizion:** Please let me ask one more thing. I think...a Pokémon called Keldeo may have come here...

**Virizion:** Wha-?

**Virizion:** That's enough.

**Virizion:** I know it's odd that Keldeo never came this far, but... Speculating about it isn't going to give us any answers. And the message we heard from the Frism that Keldeo left... It still doesn't change the letter he sent me.

**Virizion:** No, Espeon. It's not what you're thinking. I'm not just giving up. You don't need to worry.

**Virizion:** But along the way here today... I realized something. The voice from that Frism... That voice was undoubtedly Keldeo's.

**Virizion:** The Keldeo who wrote that letter may have been cruel, but... ...the Keld who spoke those words hadn't changed at all. When I realized that, I finally noticed...

**Virizion:** Ever since I got that letter from Keldeo... Ever since I read those words... ...I stopped believing that there was any such thing as a real friend. But the one who first planted that doubt in my heart... It wasn't Keldeo. It wasn't anyone else. The one responsible for that doubt in my heart...was...

**Virizion:** ...me. I'm the one who lost hope after seeing that letter. I'm the one who decided to give up after reading it... ...and I'm the one who made myself into the bitter Virizion you first met. There are still a lot of questions that I don't have answers to. Maybe I'll find the truth somewhere else someday.

**Virizion:** But that's why I've decided... ...that I'm going to try believing again... you know?

**Virizion:** I've been so miserable to everyone for so long. But meeting you all...and being able to come here together... It helped me remember how it feels to trust other Pokémon. That is all thanks to you here. I'm so grateful to you all. Thank you... Thank you so much...

**Virizion:** YEAAAAAAHHH!!!
