IB Registration Information for the Diploma Class of 2028

Student Name _____ Student ID _____ Phone Number _____

You MUST have 3-4 HL courses AND 2-3 SL courses. Also, you MUST complete a course in each of the 6 groups listed below. Depending on your choices, you likely will not need to take a course in each group during both the junior and senior years.

Junior Year	
Group 1 (Language A)	IB English 11 IB Language A Self-Taught SL (NOT in English) IB Spanish A or Mandarin A
Group 2 (Language B)	German, French, Spanish, Chinese Level 1, 2, 3, 4, AP, IB Year 1
Group 3 (Humanities)	IB History of the Americas, IB Psychology I (SL), IB Business Management (SL) IB Global Politics (SL)
Group 4 (Sciences)	IB Biology 1, IB Chemistry (SL), IB Environmental Systems (SL), IB Physics 1, IB Sports, Exercise & Health Science (SL)
Group 5 (Math)	Follow the appropriate pathway found at www.tinyurl.com/BroughtonIBMath
Group 6 (Electives)	Programming & Broadcasting 1 or 2, IB Dance 1, Hon. Music Ensemble, IB Theatre 1, IB Visual Arts 1, OR an additional course from groups 2, 3, or 4 (designate course and level—HL/SL) _____
IB Core Class: TOK, EE, and CAS	

Senior Year	
Group 1 (Language A)	IB English 12 (HL) IB Language A Self-Taught SL (NOT in English) IB Spanish A or Mandarin A
Group 2 (Language B)	German, French, Spanish, Chinese SL, HL, ab initio (Chinese only)
Group 3 (Humanities)	History SL (year 2 of the HL course) IB History SL, IB Business Management (SL) IB Psychology 1 (SL), IB Psychology 2 (HL), IB Global Politics (SL)
Group 4 (Sciences)	IB Chemistry (SL), IB Environmental Systems (SL), IB Biology 2 (HL), IB Physics 2 (HL), IB Sports, Exercise & Health Science (SL)
Group 5 (Math)	Follow the appropriate pathway found at www.tinyurl.com/BroughtonIBMath
Group 6 (Electives)	IB Music SL, IB Theatre SL/HL, IB Film HL/SL, IB Dance SL/HL, IB Visual Arts SL/HL,OR an additional course from groups 2, 3, or 4 (designate course and level—HL/SL) _____
IB Core Class: TOK, EE, and CAS	

Additional courses I *need* to graduate (The most common examples are Civic Literacy, Health, Chemistry, American History, Economics, and Environmental Science)

_____

Additional courses I would *like* to take (The most common examples are AP Government, AP Statistics, Band, upper-level dance, upper-level chorus, orchestra, newspaper, Study Skills, and Yearbook) _____

Anticipated Course Registration Plan

	Grade 11	Grade 12
Group 1	Called “SL” in Infinite Campus	Called “HL” in Infinite Campus
Group 2		
Group 3		
Group 4		
Group 5		
Group 6		
TOK	Without “S” at the end of the code	With “S” at the end of the code
Open Choice		

Notes Regarding IB Courses and their Infinite Campus Titles

When taking Higher Level (HL) English, Biology, Physics, Psychology, Dance, Visual Arts, or Theatre:

- Grade 11—Register in Infinite Campus for the SL course
- Grade 12—Register in Infinite Campus for the HL course

When taking Higher Level (HL) History:

- Grade 11—Register in Infinite Campus for the History of the Americas HL course
- Grade 12—Register in Infinite Campus for the SL History course

For Theory of Knowledge:

- Year 1 of the course does not have the letter “S” at the end of the course code
- Year 2 of the course is designated with the letter “S” at the end of the course code

If you are planning to take IB Music, register for the correct ensemble in Infinite Campus; we will adjust your schedule accordingly to IB Music after schedules are created

If you are planning to take IB Film, register for Programming & Broadcasting 1 or 2 in grade 11 and IB Film SL or HL in grade 12. If you have already taken P&B 1 and 2, ask Mr. Martin for advice.

The following one-year SL courses can be completed during either year: Psychology, Global Politics, Chemistry, Business Management, Environmental Systems and Societies, Sports Exercise & Health Science.

Be sure that your 3 alternative choices are classes that interest you. Because AP and IB sections are combined in Psychology, do not choose the IB course as the primary course and the AP course as the alternate (or vice versa).

Before IB Biology or IB Chemistry, you must have taken the Academic or Honors course.
Before IB Environmental Systems and Societies, students must have completed NC Graduation requirements for both Biology and Chemistry/Physical Science.

We recommend that students taking IB Physics or IB Chemistry in grade 11 also be registered for Precalculus or a more advanced math course.

The following is a typical course registration for a rising 11th grader in Infinite Campus–
You'll find more specific examples linked here

- IB English Literature SL (will be HL in grade 12)
- Next level of World Languages
    - Non-immersion students: Typically Level 3 OR either Level 4 or AP; IB Language B *only* if already taken AP
    - Immersion students: IB Spanish/Mandarin Language A SL (Be sure to look for "Language A" in Infinite Campus, *not* Language B; most Spanish and all Mandarin immersion students are testing in grade 12 at the SL level
- IB History of the Americas HL
- SL level for an additional HL course (if World Languages is not HL, which is the typical plan); the following are options–
    - SL course in Biology, Physics, or Psychology (HL will be in grade 12)
    - Arts–Register for your ensemble, and we will change in Infinite Campus to the IB course title once the schedule is organized in the summer; will be labeled HL in grade 12
    - IB Film first year may be the next level of Programming & Broadcasting depending on what you've taken previously; check with Mr. Martin for his recommendation; will be labeled HL in grade 12
- Next level of math–Math 3 Honors, Math 4 Honors, AP Precalculus, IB Math Analysis SL (if taken AP Precalculus already); IB Math Applications is for SENIORS ONLY
- IB Theory of Knowledge–Select the option without an "S" at the end of the course code
- Often an additional IB course at the SL level–This is a good place to fit in IB Environmental Systems SL if needed for graduation requirements (or if interested); may also be Business, Global Politics, Chemistry, Sports & Health Science, Psychology SL, etc., depending on your areas of interest
- Open choice/graduation requirement
