

Parents/Guardians,

Just wanted to inform my parents that I have made a template for your student to use at home. I made this template to help your child and you as a parent to have the opportunity to help you child with homework, their behavior, and help make rules for home that you could apply. I feel with this template it will help your child and you as a parent to keep up with daily activities from school. The template is only a guide to help. I hope that you will take a look at the template and give it a try. I am really hoping this will help benefit all my parents with the weekly planner. There is an example of information on how to use the template, I have set it up on the planner, hopefully this will be easy to use. I have made sections that you can fill out to assist your child at home. This template can be changed to help accommodate your daily living. If you have any questions or concerns, please email me at natosha.stewart.edu

Thank you so much,

Mrs. Natosha Stewart
