

Serological Pipet

NAME: _____

Watch this video:

<https://www.youtube.com/watch?v=aei-tU1ZIkE>

1. What does the video ask you to imagine?
2. In the video, the largest number was at the (bottom or top)?
3. In the video, the smallest number was at the (bottom or top)?
4. Draw a meniscus:
5. What is the mistake in the video?

Draw a 10 mL serological pipet – include all number scales. An image is below. Draw your own. Google images if needed.

Label the following on your drawing:

- The number scale going up
- The number scale going down
- Cotton plug
- The TD line

Draw YOUR 10mL serological pipet in this box. Be sure to include the required labels.

Why do the numbers go up and go down? Explain.
